

PHONE WORKERS DEMAND CUT TO \$6

ANNUAL SHIFT
TO FAST TIME
2 A. M. SUNDAYLOST HOUR TO BE
GAINED BACK
SEPT. 28

New York, April 25. (AP)—At least a third of the nation's 140,000,000 residents must remember to turn their clocks ahead an hour tomorrow night in preparation for the annual advent of Daylight Savings Time at 2 a. m. Sunday.

The lost hour of sleep can be made up 22 weeks and many sunburns and mosquito bites later, on Sunday, Sept. 28.

As usual, "summer time" will meet with wide favor in the northeastern section of the nation, whose crowded cities are happy to have the extra hour of sunlight for recreation each evening.

But in the south, far west and most of the midwest, where rural voices and votes have a strong influence, the change will be made only sparingly.

Railroad timetables will remain on standard time and schedules for through trains generally will be the same. In commuting areas which use Daylight Saving, the timetables will be printed on Standard Time but schedules will be shifted an hour in most cases.

The four broadcasting networks will change to a Daylight Saving schedule, causing program times to be advanced an hour in Standard Time communities.

Big Cities Change

But, at least three of the chains plan to make recordings of their principal programs so that stations in areas which do not have Daylight Saving can broadcast them at the accustomed hour if they desire.

The airlines report that they expect to adhere to their Standard Time schedules.

Among the principal cities changing to the new time will be New York, Boston, Philadelphia, Pittsburgh, Newark, Baltimore, Hartford, Providence, Chicago, St. Louis, Indianapolis, Chattanooga and Knoxville.

A bill is pending in Congress which provides Daylight Saving for Washington; its fate is uncertain.

States in which all or most communities will observe Daylight Saving—Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, Rhode Island, New York, Delaware, Vermont and Pennsylvania.

States in which several communities will observe it—Maryland, Indiana, Illinois, Missouri, Tennessee and Michigan.

In the other states, there will be little or no clock-advancing tomorrow night.

TRAIN KILLS DRIVER

Huntington, Ind., April 25. (AP)—A man identified by his driver's license as Robert Puttock, 52, of (11801 Buffalo) Detroit, was killed today when a Nickel Plate railroad freight train struck an empty motor transport at a crossing on State Road 3 south of Huntington. The locomotive of the train was derailed and the crossing was blocked for three hours.

Weather

Reported by U. S. Weather Bureau

ESCANABA AND VICINITY: Fair and somewhat warmer today. West and southwest winds diminishing late Saturday. Sunday partly cloudy and slightly warmer.

High 50, low 35.
UPPER MICHIGAN: Fair and somewhat warmer today. West and southwest winds diminishing late Saturday. Sunday partly cloudy and somewhat warmer with increasing cloudiness in the western portion.

LOWER MICHIGAN: Fair and somewhat warmer today. Southwest winds 20 MPH. Sunday fair and somewhat warmer. Southwest winds.

Jewish Blast
Kills 5 More
In Holy Land

Jerusalem, April 25. (AP)—Two Jews drove a stolen postoffice truck laden with explosives into one of the most heavily guarded police compounds in Palestine today, and 20 minutes later a shattering blast killed five British police officials and wounded six others.

The Stern Gang, whose victims have included a British resident minister of the Middle East, claimed responsibility for the explosion at Sarona, a suburb of Tel Aviv. The new outbreak of violence raised to 13 the number of killed in the past 48 hours in a so-called "blood-for-blood" reprisals for the executions and suicides of six Jewish underground members.

In other violence five armed Jews kidnapped Morris Collins, a British businessman, from the terrace of a fashionable hotel in Tel Aviv last night, but released him unharmed in 15 minutes when it was discovered he was Jewish.

A telephone hoax in Jerusalem that three British officers were kidnapped added to the high state of tension in the Holy Land. A quick search of the heart of the city was ordered before it was discovered there was nothing to the report received by police from an anonymous telephone caller.

The Stern Gang, regarded as the smallest but most desperate of the three Jewish underground organizations, sent a communique to a Hebrew newspaper admitting the Sarona attack, whose dead victims included one British police inspector and four constables. Of the six injured only one was ferried in serious condition.

Two members of the Stern Gang were hanged in January, 1945, for assassinating Lord Moyne, British resident minister of the Middle East, in Cairo.

It was the underground organization Irgun Zvai Leumi that admitted responsibility for the blasting of the Egyptian express in a citrus grove near Rehovoth Wednesday which killed eight persons and injured several others.

TOUCHER LABOR
BILL PROPOSEDSenators Launch Drive
Despite Prospect Of
Presidential Veto

Washington, April 25. (AP)—Senators Taft (R-Ohio) and Hall (R-Minn.), ignoring talk of a presidential veto today opened a drive to toughen the senate's labor bill in its curbs on unions.

The move promptly collided with opposition from Senators Ives (R-N.Y.), Pepper (D-Fla.) and Murray (D-Mont.).

All five senators are members of the labor committee, and the fight on the floor brought into the open a wrangle that developed while the committee was writing the bill.

The measure is generally milder than the one the house passed last week by a top heavy vote. But both would ban the closed shop, authorize court injunctions to block strikes affecting the general welfare, create a new federal mediation service and make unions subject to federal court suits.

The senate scrap started when Ball proposed to restore a provision knocked out in committee. It would prohibit unions from entering or interfering with workers in their free choice of unions.

Murray delayed a vote until next week by reading at length from a 42-page minority report on the labor committee written by Murray, Pepper and Senator Elbert Thomas (D-Utah). The senate then recessed until Monday.

Guerrilla Morale
Slumps As Greek
Troops Kill 651

Athens, April 25. (AP)—A Greek army general staff spokesman asserted today that government forces had destroyed about 10 percent of the estimated 10,000 to 12,000 guerrillas in the country since April 1 and added there were indications of deteriorating morale and dissension in their ranks.

Brig. Stylianos Manidakos told a news conference that 651 guerrillas were killed and 498 taken prisoner in operations all over Greece. The prisoners included 84 wounded. Manidakos said army casualties were 31 dead and 80 wounded.

PAY FOR RESERVES

Washington, April 25. (AP)—A bill to pay officers and men of the Army's reserve for regular training periods was recommended to Congress today by the War Department. It would cost \$130,540,000 a year.

Price Slash Plan
Gains Momentum
In Michigan Cities

Detroit, April 25. (AP)—A campaign to reduce prices by ten per cent across the nation gained momentum today in Michigan when merchants in at least five municipalities followed the lead of Otsego and Hamtramck businesses.

Scattered merchants in Detroit, Dearborn, Royal Oak, Mt. Clemens and Wyandotte joined the movement.

Otsego, in Southwestern Michigan, and Hamtramck, Detroit suburb, were the first Michigan communities to follow the lead of Newburyport, Mass., in campaigning for price cuts to fight inflation.

At Hamtramck, cooperating merchants will display placards and official stickers Monday indicating their stand. The city council Thursday adopted a resolution urging sellers to deduct ten per cent from current prices. The city's retail merchant's association scheduled a meeting Monday to determine whether to support the plan as a unit.

Amvet Post 18 urged the Dearborn city council to adopt a resolution similar to that approved at Hamtramck.

M. G. Wayburn, president of a furniture company operating in Detroit, Mt. Clemens, and Wyandotte, sent President Truman a telegram informing him furniture prices were slashed up to 50 per cent and that his firm refused to return manufacturers whose prices he felt were "excessive."

Customers generally responded heartily to the lower prices. Some merchants said business was

Bribe Case Witness
Held For Contempt
In Macomb Court

Mt. Clemens, Mich., April 25. (AP)—Wilbur Held, recalcitrant and outspoken witness in the Ivan Johnson bribe conspiracy trial, was found guilty of contempt of court today by Judge John V. Brennan.

Held referred to Judge Herman Dehnke, one-man Macomb county grand juror who indicted Johnson, as "represensible. I was one-man grand jury law as 'un-constitutional'."

Judge Brennan ordered him to pay a \$100 fine or serve 15 days in jail despite his subsequent apology. Held indicated he would pay the fine.

Judge Brennan told the witness: "Your demeanor was in keeping with the disrespectful purport of your answer. You, as an attorney, know the language you used was scurrilous, disrespectful and contemptuous."

Held told the court: "I didn't mean to infer Judge Dehnke was reprehensible. I was merely attempting to quote from memory a news article in which it was stated the grand jury system was reprehensible."

He offered an apology to the court and said he would also apologize to Judge Dehnke "if he were here."

URBAN GROUPS
OPPOSE HOUSE
REVENUE PLANSPECIAL TAXES MAY
BE RETAINED
BY STATE

Lansing, April 25. (AP)—A bill to recapture half of the intangible tax for state purposes was advanced for a vote Monday night in the House of Representatives to "ay, but not without a determined fight by a few urban members."

Companion measures returning all of the 10 per cent liquor tax and all but 20 per cent of the horse racing tax to the state were advanced in silence.

The three measures were brought to the floor by the House taxation committee as the first stanza of its program of balancing the budget by taking some tax returns from the local units and by new taxes.

The tax proposals have been promised for next week.

Reps. M. Bushnell Trombley, Flint, Thomas J. Whitney, Grand Rapids, and Neil A. Patterson, Detroit, all Republicans, led the opposition to the intangible tax recapture, contending it "would bring chaos to local units" which, they said, had drawn up budgets based on the expectation of retaining it.

Selfish Cities Chided
The dissident members were roundly spanked by Rep. John P. Espie, highly respected chairman of the Ways and Means committee.

"Some of you urban representatives are not showing the proper attitude—you are only seeing your own cities' selfish interest, not the good of the whole state," he said.

"You must look at this problem like grown men."

Strict rural-urban cleavage did not develop, however, with several urban members joining the rural group in approving the proposal.

Debate on a bill which would raise fishing license fees, require a special trout stamp and require licenses for fishing in the Great Lakes, scheduled for today, was deferred to Monday.

Deferred to Tuesday was the vote on a bill to make the taking of illegal deer punishable by a mandatory penalty of both a fine and imprisonment.

Fire Traps Miners
At Malartic, Quebec;
Rescuers On Way

Malartic, Que., April 25. (AP)—Rescue workers, battling fire and smoke, tonight reached the 10th level of the East Malartic gold mine where 11 men were trapped nearly 48 hours ago and driven further underground.

There was no immediate word of conditions met by the rescuers and no signal from the miners who are believed to have retreated quickly on the outbreak of fire at an eating place in the mine. Smoke from burning mine timbers cut off their escape up the fume-choked shaft.

Some rescue workers voiced hope that the trapped men might have been able to go 400 feet deeper into the mine where they might be safe from the smoke and fumes.

Eagles Aerie Buys
Club Royale Named
In Grand Jury Quiz

Detroit, April 25. (AP)—Completion of the sale of Club Royale, Macomb county establishment mentioned prominently in recent grand jury gambling investigations, was announced today by Lester L. Johnson, attorney for the purchasers.

The club was bought for \$100,000 by East Detroit Aerie 2495 of the Fraternal Order of Eagles. Included in the sale price was the club's liquor license, subject to approval by the Liquor Control commission. The license was held by Charles A. McNamara, of Burt Lake, and Thomas J. Kelly, of Dearborn, Johnson said.

New ROTC Program
Opens In Colleges
Beginning July 1

Washington, April 25. (AP)—More than 70 new Reserve Officers Training corps units will be established at 46 universities and colleges beginning July 1, Gen. Jacob L. Devers, Army Ground Forces commander, announced today.

The ROTC program will provide training for about 9,000 students in the 1947-48 school year. Michigan State college is among the schools named.

Republicans Trim
Truman's Budget
Down 45 Percent

Washington, April 25. (AP)—The Republican economy drive scored a major victory tonight when the House passed, 307 to 30, an interior department appropriation bill totalling \$161,413,513—about 45 per cent less than President Truman asked.

The Republicans successfully fought off all amendments to boost the funds—except five of their own.

In vain Democratic leaders cried that slashes in reclamation and power projects would "crucify" the west and northwest. Republicans replied that there are enough funds for all worthwhile projects and that the country demands economy.

The appropriations committee had cut the bill 47 per cent below budget estimates before sending it to the floor last week. It recommended \$156,538,513, a reduction of \$138,881,907 below budget estimates for the fiscal year starting July 1.

Democrats, who had hoped to pick up enough Republican votes to override the committee's 47 per cent slash, offered dozens of amendments but got nowhere on them.

Democrats failed by a 197 to 140 roll-call vote to send the bill back to committee just before its passage.

HEMANS NAMED
AS BRIBE GIVERAtlantic Mine Democrat
Offered \$200 For His
Vote, Complaint Says

Lansing, April 25. (AP)—Charles F. Hemans, the state's colorful and controversial star witness in three years of grand jury action against alleged legislative corruption, today was named defendant in a bribery warrant issued by Circuit Judge Louis E. Coash, Ingham county grand juror.

Hemans, now serving a four-year sentence in the Lewisburg, Pa., federal penitentiary for crossing a state line to avoid testifying in a criminal case, was accused of "corruptly promising \$200 to former Representative George O. Harma, Atlantic Mine Democrat, to influence his vote in the 1941 intangible tax bill."

Special Grand Jury Prosecutor Richard E. Foster said Hemans was charged with a statutory offense, offering to bribe a public official, rather than a common law conspiracy to bribe, as had been the case in previous grand jury indictments.

Foster added that the warrant would be turned over to state police for Hemans' apprehension, but he did not know whether an attempt would be made to return the former University of Michigan regent and Army officer to face charges now or wait until his sentence is completed.

Marshall To Give
America Report On
Moscow Meeting

Berlin, April 25. (AP)—Secretary Marshall left Berlin today for Washington to report to the American people on the Moscow conference after discussing with Gen. Lucius D. Clay possible effects of the four-power meeting on the German occupation.

He reiterated to reporters here his disappointment over failure of the ministers to "get more agreement on fundamental issues" and write an Austrian treaty, but added:

"I do not think the difference of opinion between Russia and the western Allies was increased at Moscow. It was clarified. We came to a clear understanding of what were the disagreements."

The homeward flight from Moscow will span the north Atlantic, with the next stop at Iceland for refueling.

Marshall expected to reach Washington by noon tomorrow, and his radio report to the American people will be made soon after that. His plane reached here from Moscow at 1:25 p. m. and left at 3:25 p. m. (7:25 a. m. CST).

Mother Convicted
For Starving Baby

Cambridge, Mass., April 25. (AP)—Twenty-three-year old Gladys M. Hall was sent to prison for life tonight, convicted of starving her 10 weeks old baby girl by starvation.

The unwed mother collapsed when Judge G. Kirk pronounced the mandatory sentence after a jury had convicted her of murder in the second degree.

MARSHALL ON RADIO

Washington, April 25. (AP)—The State Department today announced that Secretary of State Marshall will deliver a half-hour broadcast to the country over the four major networks at 7:30 p. m. (Central Standard time) Monday.

Later in the week the secretary probably will confer with congressmen.

The big test was on a prior vote on the question of sending the bill back to committee for a restudy of the slashes. That motion lost 197 to 140 and the final vote found many advocates of bigger funds voting for the bill as the only thing left to do.

The net increases approved by the House before sending the bill to the Senate after nine hours of tempestuous debate amounted to \$4,875,000 over appropriations committee recommendations. There was only one cut. An allotment of \$450,000 for an anthracite laboratory at Schuylkill Haven, Pa., was knocked out after a fight over where it should be located.

The appropriations committee had cut the bill 47 per cent below budget estimates before sending it to the floor last week. It recommended \$156,538,513, a reduction of \$138,881,907 below budget estimates for the fiscal year starting July 1.

Democrats, who had hoped to pick up enough Republican votes to override the committee's 47 per cent slash, offered dozens of amendments but got nowhere on them.

HOUSE OF DAVID
LEADER IS DEAD

Benton Harbor Colony
Mourns Demise Of
Joseph Hannaford

Benton Harbor, Mich., April 25. (AP)—The Israelite House of David, whose badge of faith is the flowing hair and unshorn beard of its disciples, today mourned the death of one of its founders, Joseph Hannaford.

Hannaford, who died Thursday at the age of 87 years, was among a group of converts which joined the colony here in 1905 after a voyage from Australia. He had given up ownership of a large music house in his native Melbourne to become a disciple and his subsequent missionary travels spanned the earth.

A year after his arrival, Hannaford became president of the colony's official board. Survivors include a son George, who is an official of Radio-City Music Hall in New York City; Horace, another son, an executive of LaGuardia airport in the metropolis, and a third son, known as "Cookie" Hannaford in Hollywood, Calif. A grandson, George, Jr., is assistant manager of Radio City Music Hall.

Critics Of Japan's
Government Lead
In House Election

Tokyo, Saturday, April 26. (AP)—The Social Democrats, chief critics of Japan's Conservative government, held the most seats today in incomplete returns from yesterday's house of representatives election.

The Social Democrats clinched 76 of the 466 seats on the basis of early returns. The two Conservative parties which keep Premier Shigeru Yoshida in power had a greater combined total, however.

The count gave Yoshida's Liberal party 71 seats and the supporting Democrats 54. The Conservatives had nine, the Communists two, minor parties eight and independents five with 225 of the races decided.

In the only upset reported so far, Yoshio Shiga, one of Japan's top Communist leaders, was defeated for re-election at Osaka.

First reports indicated only 60.5 percent of Tokyo's eligible voters went to the polls, considerably less than the 72 per cent recorded in the 1946 elections.

One Of World's
Richest Men Dies;
Worth 240 Million

London, Saturday, April 26. (AP)—The Marquess of Bute, one of the world's richest men, died Friday night at the age of 65.

The British Press Association estimated that the "capital value" of his entire estate cannot be short of 60,000,000 pounds (\$240,000,000).

The Marquess owned six castles in Britain and Spain and his land holdings were estimated at 117,000 acres.

PAY INCREASE
CUT IN HALF,
TURNED DOWNLONG LINES OFFER
IS REJECTED BY
A. T. AND T.

Washington, April 25. (AP)—The American Telephone and Telegraph company tonight rejected an offer of its striking long lines operators to settle their strike if given a wage increase of \$6 weekly—half their original demand.

John J. Moran, president of the American Union of Telephone Workers, asked for a \$6 "across the board" increase at a negotiating session tonight.

But George S. Dring, assistant vice president of the A. T. & T. long lines division, replied that the offer was "unacceptable."

Dring, however, offered to arbitrate wages on a community basis. This was rejected by Moran.

News Hopeful

Word that the National Federation of Telephone Workers, with which the long lines workers are affiliated, would compromise their wage demands came earlier in the day.

That development, coupled with a settlement with plant and maintenance workers for the Chesapeake and Potomac Telephone company in Maryland, had given rise to hopes that the 19-day old nationwide walkout might be brought to an end soon.

After tonight's session, W. E. Chalmers, a government conciliator, said he regarded the company's position as a flat rejection.

Joseph A. Beirne, president of the NFW, said the company's reaction to the \$6 offer "looks like a rejection."

He had disclosed the halving of the union's wage demand after a five-hour secret discussion by the Federation's policy committee.

Meanwhile Federal Conciliator Lucien F. Rye had said the Maryland settlement—which provides for settlement of issues through a local board of arbitration—"may set a national pattern."

But Beirne commented: "It would be jumping to conclusion to say that this would be a pattern."

The Government in the meantime set out to negotiate with three key units, in the national picture.

Beirne explained that since the \$6 figure amounts to about 15 cents an hour, it would follow the pattern of wage increases formulated in recent weeks in the steel, auto and electrical manufacturing industries. Government figures show the average weekly pay of telephone workers is \$43.

Meanwhile D. A. J. Tobin, head of the AFL Teamsters, promised the NFW a \$10,000 check for every two weeks the walkout continues. He delivered the check himself today.

Beirne said that the policy committee authorized all 39 of the striking unions in the federation to settle locally for a \$6 pay raise.

There remain other issues. (Continued On Page 12)

TROUT OUTLOOK POOR TO FAIR

Best Prospect Is Near
Escanaba; Season
Opens Today

High water, a late season, snow still blocking many side roads to the west and north, trout lakes covered with ice—all these factors combine to make the early trout season outlook poor to fair "at best," reports the district office of the conservation department in Escanaba.

The trout season opening today will find Escanaba fishermen among the favored few in the Upper Peninsula.

ASK CARE WITH FIRE

Danger of grass and brush fires is high in Delta county and fishermen and others are asked to be careful with fire in the plains and openings, conservation officers advised.

There were three grass fires yesterday: One on the Gladstone bluff, one near Hyde and the other near Bark River.

"The area in close proximity to Escanaba offers the best prospects," reports the conservation department. "The Escanaba river, Days river, 18-Mile creek, Haymeadow creek should be fair for bait and wet fly fishermen. Dry fly enthusiasts will probably not have much luck for some time."

Generally in the Upper Peninsula streams are high and roads in only fair condition. In Marquette and Alger counties snow still remains, side roads are generally impassable, and water is high.

Trout lakes in Marquette and Luce counties, and in other counties as well are covered with ice, conservation officers report. Some of these lakes north of Newberry in Luce county usually offer the best early season fishing. But because of their covering of rotted ice fishermen may not be able to get out on them. Officers advised fishermen who make an attempt to fish through the ice to take a boat out on the ice with them.

In many places in the west and northern sections of the U. P. fishermen will have to snowshoe or walk to get to their favorite stream because of the snow-blocked roads.

Flying Firm Gets Republic Seabee

Menominee—A new Republic Seabee arrived at the Menominee county airport today for M. & M. Aviation company and will be used in the company's flight training program and for charter service. The plane was flown here by Milwaukee by Clarence Kass, M. & M. chief pilot.

The plane is a four-place amphibian, powered with a 215 h. p. Franklin motor and has a cruising speed of 103 miles an hour. The seats are equipped so they can be folded back into a bed for an aerial ambulance.

First charter flight of the new ship will be made when Kass flies to Detroit to return Mrs. Alex Podore of 700 Marinette avenue to Menominee. Mrs. Podore has been spending the winter in Detroit with her daughter, Mrs. Henry Martin.

Smelt Run Ends At Twin Cities

Menominee—Commercial smelt fishermen were back on their own today after dip netting ceased in the Menominee river Wednesday night.

Commercial fish tugs came in with some pretty good lifts today and prices jumped to eight cents a pound for regular smelt and 10 cents a pound for jumbo smelt. Fishermen reported that jumbo smelt were making steady gains in Green Bay waters.

The lifts were so good the last two days that some of the gill netters were getting in two runs a day, making a run in the morning and another in the afternoon.

Only two dip netters appeared at Cedar River last night and the catch was poor, but fishermen reported that dip netters had a good night in Beattie's Creek on M-35 along the bay shore.

"Apparently," a veteran fisherman said today, "the big smelt run is over, but it will appear in spots for a week or so."

14 Candidates For MSC Scholarships In This District

Fourteen high school seniors of schools in the 30th senatorial district, which includes Delta county, are candidates for freshman Alumni Undergraduate Scholarships at Michigan State College, it was announced yesterday by Henry Wylie of Escanaba, district scholarships chairman.

One of the specifications required of all candidates is that they must take a comprehensive examination, or intelligence test, after which scholarship winners and alternates will be determined. The scoring will be done by the college faculty committee on scholarships.

This district is always awarded one scholarship, and there is the possibility of two, Wylie said.

The candidates who have been notified to report for examination are as follows:

Delta county—Patricia Sheedlo, Mark O'Connell, Eric Hammar and Margaret Owens, Escanaba; Lucia Ann Tobin, Nahma.

Schoolcraft county—Betty Jean Carlyn, Manistique.

Menominee county—Carol Jean Krantz, Wallace; Roland Jean Daggett; Melvin Revall, Stephenson.

Mackinac county—Roseline Elsner, Engadine; Laurel Goetz, Cedarville.

Luce county—Mary Berglund, Newberry.

Chippewa county—Frances Fletcher and Louine Dahllman, Sault Ste. Marie.

SCHOOL BANDS TO PLAY HERE

Concert At Junior High
Tonight Is Open
To Public

The Upper Peninsula festival for high school bands will be held here today in the junior high school with E. C. Moore of Lawrence college as adjudicator.

Bands from the following high schools will meet in William W. Oliver Memorial auditorium for the annual music festival: Gladstone, Manistique, Menominee Senior and Junior high, Iron Mountain, Vulcan, Kingsford, Ne-gaunee, Munising, Newberry, Marquette, Ontonagon and Escanaba.

During the day the bands will play individually and be offered constructive criticism by the adjudicator and at 8 p. m. will appear en masse for a concert open to the public.

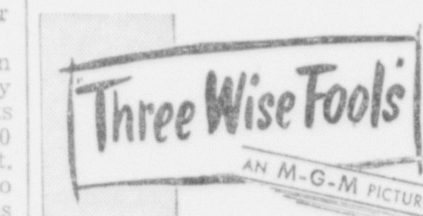

Carlson Penamed Iron River Mayor

Iron River—Joseph Carlson, member of the city commission for five years, was reappointed mayor of Iron River for the second consecutive term yesterday afternoon at a special meeting delayed until his return from a winter vacation in Florida.

The mayor thanked his fellow commissioners for the confidence they thus reposed in him as the city's chief executive.

The commission also reappointed P. L. Boyington as mayor pro-tem, in which capacity he filled Carlson's seat during the two months of the mayor's recent absence.

David M. Youngs was reengaged as city manager and clerk at the same salary, \$3,000 a year. Leonard Peterson was reappointed city treasurer and assessor at the same salary, \$1,200 a year.

FOREST THEATRE

Tenary

Sat. and Sun.

Evening 7 and 9 p. m.

FIRE CONTROL MEN ASSIGNED

10 Seasonal Employees
On Duty In Hiawatha
National Forest

Ten fire guards and fire towermen who will serve until the end of the fire danger season, or approximately October 30, have been placed on duty in the Munising, Rapid River and Manistique districts which comprise the Hiawatha National Forest.

The seasonal employees of the U. S. Forest Service will augment permanent men on duty in those districts, each of which has a fulltime ranger and assistant ranger. There are eight fire towermen in the Hiawatha forest, four in the Munising district, three in the vicinity of Rapid River and one in the Manistique district.

Forestry service officials yesterday stressed the necessity of procuring burning permits before burning brush, grass or refuse collected during the winter months.

Check 'Permanent Smokes'

Three persons already have been apprehended for violations of the state law requiring burning permits when the snow is gone. Permits may be obtained from the forest rangers or at the state conservation department office.

Regarding the method of fire prevention and observation in the Hiawatha forest, officials said here yesterday that a complete record of "permanent smokes" in his area is kept by each ranger and at each tower.

The so-called "permanent smokes" are those caused by industry, railroad trains, logging operations, a saw mill or any activity in and about the forests which gives rise to smoke which might mistakenly be determined as a forest fire.

To this record is continually added the temporary burning permits, which give specific information regarding the location of authorized temporary fires.

With this information at hand, the ranger, fire guard and towerman has an accurate picture of conditions existing in his area of control and is better prepared to detect and locate actual forest fires which might endanger life and property, it was explained.

All district offices and fire towers are interconnected by telephone, providing quick, efficient service and enabling fire towermen to report all available information concerning a fire as soon as it is detected.

The exact location of a fire is determined by the fire fighters by the method of intersection. When a towerman reports a fire to his district office—his first action—

he gives the exact azimuth, or direction, and estimated distance from his tower.

District Assignments

He then telephones a nearby towerman who checks the fire and reports its direction and distance. By intersecting the two azimuths on a prepared and oriented map in a district office, the exact location of the fire is determined. The point at which the two azimuths intersect on the map is the location of the fire.

Present assignments in the Hiawatha forest are:

Munising District

H. Allen Barton, Munising, district ranger; R. B. Hemingway, Munising, assistant ranger; John B. Clark, Wetmore, fire guard; John A. Niemi, Chatham, Forest lake towerman; Karl M. Herrman, Steuben, Tie hill towerman; Alfred Sharron, Munising, Wetmore towerman; Harold P. Ferguson, Chatham, Johnson lake towerman.

Rapid River District

James W. Jay, Rapid River, district ranger; Harold E. Bergman, Gladstone, assistant ranger; P. J. Thorsen, Stonington, Stonington towerman; E. M. Sherwood, Rapid River, Waco towerman; and Harold J. Wilson, Masonville, Moss lake towerman.

Manistique District

W. G. Wilson, Manistique, district ranger; John C. Hanson, Manistique, assistant; Eugene A. Scott, Manistique, Steuben towerman, and Herbert Ponour, Cooks, fire guard.

Mrs. Mary Kleimola New Welfare Agent

Mrs. Marie Kleimola of Hermansville was appointed Menominee county welfare agent by Governor Kim Sigler on recommendation of Judge Katherine Stiles. Laughton of the Menominee county probate court. Mrs. Kleimola succeeds Frank Kowalski of this city, who has resigned to devote his entire time to his work as an engineer with the Chicago & North Western Railroad. Kowalski has served as welfare agent for nine years under the late Judge John W. Siles and Judge Laughton.

Mrs. Kleimola served 18 months before Kowalski's appointment. She plans to move to Menominee to reside.

Miss Esther Palmer Has Collection Of Unusual Buttons

Button! Button! Who's got the button?

It could be one of any number of thousands of button collectors or it could be Miss Esther Palmer of 306 South 13th Street, Escanaba.

Miss Palmer became interested in old, rare buttons about a year ago and now has a very good start toward a large collection. She has buttons from many parts of this country and buttons

from foreign countries. There are some very beautiful mother-of-pearl, inlaid buttons and several, finely engraved, silver inlaid buttons. One has a bouquet of flowers pierced by an arrow, another is inlaid with a silver, flying duck. One beauty is very old. It is small, about one-half inch in diameter with a child's head offset. The pattern on the collar of the child's dress can be traced under a microscope.

There are glass buttons, jet buttons, white pearl and smoky pearl buttons, cut steel buttons, mirror buttons, calico's and stencil's. There are wooden buttons, plastic buttons, laminated buttons, even a rubber button—one of the first that Goodrich ever made. The date, 1851, is engraved on the back.

One of the steel cuts has a cluster of grapes and was made about 1861.

The jet buttons have an interesting story. They are of various shapes and sizes. Some are shined and some are dull. The dulled ones are called mourning jets. In the olden days it was proper to mourn for a period of one year, and wear black exclusively. Even the buttons were in mourning and must be coated so that they could not shine.

There is a great deal of pleasure and work to this hobby. Sometimes, when a very old button is found, it must be scrubbed, polished and at times boiled so that its face can be identified. The next step is to arrange the buttons on squares or oblong pieces of dark felt according to their

classification and age. These are stitched or pinned to the felt.

Miss Palmer has about thirty-five felts and approximately eight hundred buttons mounted.

So if you find an old button, examine it. It may be something a collector would enjoy having.

Escanaba National Guard Unit Prepares For Camp; Men 18 To 45 May Enlist

Men between 18 and 35 years of age with or without previous military service and men 35 to 45 with previous service are eligible to join Company C, Escanaba National Guard unit, Capt. Roy Johnson, commander, said yesterday.

IT'S EASY TO ENLIST

Enlistments are being taken daily at the Army recruiting office, 1215 Ludington street, and at the State Fairgrounds Army between the hours of 8 a. m. and 5 p. m. Physical examinations are being given by Dr. William Lemire at his office, 1103 Ludington street.

"We are drilling once a week, at the State Fairgrounds Army

each Wednesday night from 7:30 to 9:30, and we may increase this to twice a week," Captain Johnson said.

"This means that men would double their pay in the Guard. We are now receiving one day's pay a week for a two-hour drill, and if we drill twice a week, we will receive two full day's pay a week. We are authorized 48 drill periods from our date of activation, last December, until June 30."

Use New Equipment

The Guard offers much to young men of the community, the commander said yesterday in urging Escanabans and men residing in towns near Escanaba to join the unit. It offers peacetime training in comfortable surroundings with the latest and most modern equipment released by the War Department.

In addition to weekly drill sessions, the company is working toward qualification to attend a two-week summer encampment at Camp Grayling in Lower Michigan, situated beside an inland lake. There, men will have the opportunity of participating in field training, considerable small arms fire, a varied recreation program and work with new Army equipment developed since the war.

Personnel of Company

Members of the company are Staff Sgt. LeRoy Erickson, Corporal Lowell Farrell, Walter Palmquist and George Anderson and Privates Leslie Anderson, Earl Maynard, Billy Smith, Theodore Trudell, Charles Peltier, Donald Balthazore, Milton Miller, Donald Rae, Robert Ranguette, Henry Ehrenberg, William Ward, Vernon Rousseau, Francis St. Cyr, Alton Douthett, Thomas LaValley, Lloyd Lindsey and George Petaja.

All are residents of Escanaba except Private St. Cyr, who lives in Danforth.

These figures compare with \$29,980.33 monthly benefits for 1,795 men, women and children three months ago.

The monthly benefits in Delta county, totaling \$3,407.28, are distributed as follows: 214 retired workers, age 65 or more, receiving \$4,524.31 a month; 66 retired workers' wives, age 65 or more, receiving \$784.50 a month; 175 children of retired or deceased workers receiving \$1,893.47 per month; 29 widows, 65 or over, of insured workers, receiving \$575.86 a month; 53 young widows with children under 18, receiving \$1,008.65 a month; and 4 aged dependent parents of deceased workers receiving \$44.20 a month.

Over the entire area more than \$6,594.00 in lump sums have been paid in the last three months on the wage records of insured workers who died leaving no one immediately eligible for monthly payment benefits.

Red Cross Drive Completed In 5 More Townships

Five more townships in Delta county have completed their 1947 Red Cross solicitation, Francis T. Rooney, general township chairman, announced yesterday. The townships and the amounts subscribed are:

Baldwin, \$131.50; Brampton, \$26.00; Ensign, \$144.37; Fairbanks, \$70.50; and Maple Ridge, \$215.35.

Those conducting the drive in the various communities were:

Baldwin—Leo Godin, chairman; Mrs. Thora Peterson, Mrs. Gust Klein and Bertha Yeaton, co-workers.

Brampton—Paul Beauchamp, chairman; John Strand, assistant.

Ensign—Mrs. Harold Gustafson, chairman; Agnes Larson, Ina Lundberg, Mrs. Olive Johnson, Mrs. Dave Constantino, Clarice Sundberg, Mable E. Lamberg and Mrs. Lillian Olson, co-workers.

Fairbanks—Leslie T. Birk, chairman; Bernice Rasmussen, assistant.

Maple Ridge—Frank Campbell, chairman; Mrs. Frank Johnson, George E. Weingartner and Mrs. John Seppanen, co-workers.

Iron Mt. Engages New City Attorney

Iron Mountain—Lester Archambeau, Iron Mountain attorney, was appointed city attorney last night by the city council at a salary of \$90 a month, succeeding Paul Rahm, whose four-year term of office expired April 15.

Miss Jennie Foley, member of the Business and Professional Women's club, and active in civic

Burns Are Fatal To Carney Baby

Lynn Diana Houtari, four months old daughter of Mr. and Mrs. John Houtari of Carney, died at 2:30 a. m. Thursday at Marinette General hospital of burns suffered Wednesday afternoon in an explosion. The child was admitted to the hospital at 5:35 p. m. Wednesday.

The sheriff's office at Menominee was notified today that a heater in a trailer in which the family was living exploded. The trailer was destroyed by the fire that resulted.

The body was taken to the Freeman funeral home at Iron Mountain. Funeral arrangements are incomplete.

Obituary

MRS. CHARLES PETERSON
Funeral services for Mrs. Charles Peterson, of Rock, Route One, were held at 2 o'clock Friday afternoon at the Finnish Lutheran church in Rock, with Rev. L. R. Lund of Immanuel Lutheran church, the officiating pastor. Burial was in Rock cemetery.

During the service the Ladies Chorus sang "Looking Beyond" and C. Arthur Anderson sang "O Love That Will Not Let Me Go." Mrs. John Kaminen was accompanist.

Pallbearers were Sulo Pajula, John Sittari, David Lampinen, August Kauppila, Louis Nelson and John Smith.

Mr. and Mrs. Ernest Blomquist of Chicago were among those attending.

AUGUST CHOUINARD
Last rites for August Chouinard will be held this morning at 9 o'clock at St. Ann church, with Rev. Fr. Sebastian Maier, celebrant of the funeral mass. Burial will be in Flat Rock cemetery.

Lengthy Illness Is Fatal To Mrs. Abraham Houle, 44

Mrs. Abraham Houle, 44, of 1204 Twelfth avenue south, the former Irene Zinkel, died at 1:30 o'clock Friday morning at Bellin Memorial hospital in Green Bay. She entered the hospital Thursday for treatment for heart trouble from which she had been suffering for several years.

Mrs. Houle was born in Coopersburg, Wis., February 12, 1903, and came to Escanaba with her parents in 1910. Her marriage took place here at St. Joseph's church, February 12, 1923.

She is survived by her husband and four children: Mrs. Ralph Johnson, the former Dolores Houle, of Escanaba; Clayton, who is a student at the Michigan College of Mining and Technology, Sault Ste. Marie branch; and John and James at home; her parents, Mr. and Mrs. John Zinkel, of Escanaba; one sister, Mrs. Otto Jirovetz, of Flint; and one brother, Ray Zinkel, of Lansing.

The body will be in state at the Alto funeral home this evening. Services will be held Monday morning at 9 o'clock at St. Martin's church, with Rev. Fr. Martin B. Melican officiating, and burial will be in St. Joseph's cemetery.

SCHOOLS GIVEN \$58,404 FUND

Sales Tax Redistribution Based On \$6 For Each School Child

In the first distribution of sales tax to the school districts in Delta county, the Escanaba, Gladstone and township schools will receive a total of \$58,404, according to the distribution formula in the office of the county treasurer.

Checks for the various amounts will be mailed to the school district treasurers today.

Under the terms of the constitutional amendment adopted in state-wide referendum last November, the sales tax will be diverted to the schools on the basis of \$6 for each child of school age; townships and cities receive \$1.60 per capita.

For the period from Dec. 5, 1946, to March 31, 1947, the townships and cities in Delta county received a total of \$54,559. The schools for the same period receive \$58,404.

The distribution to the schools will be made to the various districts in the following amounts:

Unit	Fund
Baldwin	\$ 1,452
Bark River	4,782
Bay de Noc	702
Brampton	840
Cornell	828
Ensign	852
Escanaba	1,950
Fairbanks	948
Ford River	1,416
Garden	1,428
Maple Ridge	3,546
Masonville	1,836
Nahma	2,340
Wells	4,074
Gladstone city	8,022
Escanaba city	23,388
Total	\$58,404

Isabella

Mr. and Mrs. William Bonifas left yesterday to spend a few days in Milwaukee visiting Isaac Bonifas. The condition of Mr. Bonifas who is hospitalized in Milwaukee is reported not improved.

The buildings of the University of Virginia were built according to a plan prepared by Thomas Jefferson.

TELEPHONE CUSTOMERS

If you want your telephone service restored to normal write or wire the Michigan Public Utilities Commission of Lansing, Mich., and the Michigan Bell Telephone Co., Detroit, Mich., demanding immediate action.

National Federation of Telephone Workers of Escanaba

Briefly Told

Masonic Meeting Tonight—Delta Lodge No. 195, F. & A. M., will hold a special communication tonight at 7:30 o'clock in Masonic Temple. The First Degree will be conferred upon three candidates. Lunch will be served in the dining room following the degree work.

Merger Considered—Norman A. Mulvaney of the Great Northern Battery company of Milwaukee was a business visitor in Escanaba this week to discuss the possible consolidation of the XGI Battery company of Escanaba with the Power Plus Battery company, a wholly-owned subsidiary of the Great Northern Battery company. The proposed merger would give the Milwaukee company the advantage of lower freight rates in serving the Upper Peninsula and would benefit the Escanaba battery factory by supplying it with an established trade name.

Commission Meets Today—The Delta county road commission will meet this morning in regular session in the commission office near Wells. Commissioner Harry Greene of Garden, chairman, will preside.

Lumberman Dies In Truck Mishap

Mass — Victor Anderson, 59, well known resident of Rousesau, was fatally injured last Friday evening, April 18, at about 7 o'clock when the truck he was driving overturned on a curve near the Sturgeon river between Baraga and Alston. Anderson, who has been in the logging business for the past several years and whose camp is located near Alston, had gone to Baraga for groceries and on the way back to camp it is thought that he hit the soft shoulder of the road and lost control of his truck. He was pinned under the truck and his head was crushed, death being instantaneous.

Decontrol of Rents

THE rent control office in Delta county will close May 1 which inevitably means that federal efforts to maintain controls on rental properties in this county are being abandoned. Decontrol also is expected in Houghton and Chippewa counties, but it is indicated that controls on rent will remain in effect in Dickinson, Gogebic and Marquette counties.

Rent control has been pretty much of a farce in Delta county. It was utterly impossible to enforce the regulations with the wholly inadequate staff and the controls served only to create confusion. Moreover, the controls served as an impediment to construction of more rental housing, which the community vitally needs.

Delta county and five other counties of the Upper Peninsula were put under rent control last November, action that was difficult to understand in view of the fact that the area was not under rent control during all of the war years when new home construction was prohibited. Compliance with the regulations here was very spotty and a substantial number of landlords never even bothered to register.

Several dozen new homes were built in Escanaba last year, even before the area was put under rent control. A considerably greater number of new homes will be built in Escanaba in 1947. The result should be a general easing of rent pressures. Undoubtedly there will be some rent increases to correct inequities that were frozen under rent controls, but in general if landlords operate with the same reasonableness that they did during the years before rent controls were put into effect here, the decontrol program should not prove burdensome to tenants.

There is no reason to believe, for instance, that landlords in Delta county are more mercenary than landlords in Schoolcraft county, where there has been no rent control at any time and where the housing shortage is even more acute than it is in Delta county.

Enlist In National Guard

THE campaign to bring the National Guard units to full strength provides a good opportunity for young men to make a good contribution to the cause of national defense without the necessity of leaving their own homes. Also it provides a chance for them to earn a little extra money as well as to maintain a high degree of physical fitness.

The success of the recruiting campaign to bring the National Guard units throughout the country to full strength, plus the success of the recruiting drive for the regular U. S. Army, will be a powerful factor in easing the clamor for national conscription.

For those who are aware of the country's need for military strength and are willing to do their part, but do not want to enter military service as a full time job, the National Guard provides the ideal answer. Officers of the National Guard units in the local communities are local young men, well trained in their particular branch of military science. The Escanaba unit, Company C of the 107th Engineer Combat battalion, meets each Wednesday night for two hours at the state fairgrounds armory.

Complete equipment is provided for a thorough and interesting training program. The importance of the National Guard program as a vital phase of our national defense is well recognized. It is the truly democratic approach to the problem of American security.

We heartily recommend that young men of Delta county investigate what the National Guard has to offer. Their enlistment will be a patriotic service to the state and nation.

Prevent Forest Fires!

WITH the opening of the trout fishing season and the arrival of fine spring weather, more folks will be going to enjoy the outdoors. This increased use of the woods areas heightens the fire hazard, of course, for more persons will be building campfires and carelessly discarding cigarettes and matches.

Human carelessness is the cause of most forest fires. Every year over 200,000 fires sear the forests of the United States. Every year an average of 31,000,000 acres of forest land is burned over, an area larger than the state of New York.

Forest fires kill billions of little trees every year, thereby destroying the foundation stock for the timber of tomorrow. Large timber is also destroyed, of course. The Tillamook fire in Oregon burned down trees, valued at millions of dollars.

In the Upper Peninsula, we are vitally interested in saving our timber stands from destruction so that there will be timber to sustain our wood working industries. We also want to keep the Upper Peninsula green so that it will continue to

give pleasure and inspiration to people who come here to spend their summer vacations. Woods fires also take a heavy toll of birds and other wildlife, for it destroys the food and cover that trees and shrubs provide.

Be careful with campfires, cigarettes and matches when you are out in the woods.

Wasteful Politics

ALLOCATION to the 25th judicial district, comprising Marquette, Delta, Menominee, Iron and Dickinson counties of two judgeships is proposed by Rep. James Goulette, Iron Mountain, in a bill introduced in the state legislature.

Iron Mountain is the home town of Atty. Ray Derham, who was defeated by Atty. Glenn W. Jackson in the recent election to name a successor to the retiring Judge Frank A. Boil of Negaunee.

Rep. Goulette contends that the district is too large and that present judge is badly overworked. There is more fiction that fact in this statement. The five-county circuit has not imposed any excessive burden on any judge in the past and conditions are not likely to be any different in the future.

The Iron Mountain legislator is merely seeking to provide a soft job for a defeated candidate. And it would be just adding more financial burden upon the taxpayers.

Lewis and the Phone Strike

ALTHOUGH John L. Lewis and his coal miners union are under federal injunction to prevent a strike in the soft coal industry, Lewis has dipped into the bulging treasury of his powerful union to send \$100,000 to support the nationwide telephone strike.

Since Lewis had just received \$2,800,000 refund of his contempt fine from the federal court, his \$100,000 gift-loan to the telephone strikers was designed to convey the impression that the contribution was in effect ironically a gift from the federal government, which is attempting to settle the telephone strike. That, of course, was the very shade of meaning that Lewis desired to convey.

It may be taken for granted that Lewis never asked his mine workers for authority to dish out \$100,000 of their money to the telephone strikers. Lewis just doesn't operate that way. He has beaten down all opposition to his leadership until today he stands as an unquestioned dictator in his own realm.

By buying into the telephone strike, Lewis is seeking to gain a greater measure of labor support for his own union abuses and particularly to retain the tremendous power to choke the American people at his own will, power that is now threatened by legislation under consideration in Congress.

Other Editorial Comments

THE WRONG WAY

(Chicago Daily News)

Senator Taft insists that Congress pass one big labor bill containing all the strike remedies that the House and Senate will accept.

Senator Aiken objects. He thinks separate laws should be enacted to deal with different phases of the labor situation. The Aiken plan is undoubtedly wiser. There is always danger in omnibus legislation. Our tariff laws and rivers and harbor appropriation bills are notorious examples of omnibus laws and the log rolling by which such laws are usually passed.

If the Republican idea is to put President Truman on the spot by handing him an omnibus law that he will feel compelled to veto, the Republicans are playing pretty cheap politics. The nation demands some relief from irresponsible labor leadership and manifest abuses of union power, but there has been no demand for an elaborate labor code. Only the politicians are interested in manufacturing issues for the presidential campaign of 1948. Laws passed with next year's elections in mind are likely to contain defects.

Congress should give the nation a few statutes dealing with specific labor abuses. Mr. Truman can pick and choose which to veto and which to sign. In that way he will be on record—but will not be able to charge that he has been put on the spot.

The mine situation seems to call for somebody talking coal turkey.

Race tracks never seem to teach people to cut out the horse-play.

High prices have taken the place of the war in making Americans eat sensibly.

Take My Word For It

Frank Colby

WHAT'S IN A NAME?

Q. Please settle an argument about the pronunciation of the French masculine name Jacques. A. says it's "Jacks." B. says it's "JACK-eez." Who's right?—M. D.

A. Sorry, neither. The name is pronounced: zhak, the "a" flat and the "s" silent.

Detroit: I have named my little daughter "Aloha." Several people have told me that it has more than one meaning. Will you please discuss it?—Mrs. A. B.

Answer: The Hawaiian "aloha" is a lovely word in both sound and meaning. It is pronounced: ah-LOE-hah. It means, "love; goodness; kindness; sympathy; affection." It is the universal salutation for "greetings; good morning; farewell."

Add unusual place names: Accident, Md.; Onward, Ind.; Christian, W. Va.; Soldiers, Iowa; One, Pa.; Hospital, N. C.; Widemouth, W. Va.; Maybabe, Mich.

Fairfax: Can you explain the curious transposition of "e" and "n" in the abbreviation "Jno." for the name John?—M. A.

Answer: For years I have sought the reason for the abbreviation "Jno." but

World Events Analyzed

BY MARQUIS CHILDS

Washington.—The conference of Foreign Ministers in Moscow seems about to end in complete stalemate. We are left once again facing Soviet Russia across an abyss of distrust and suspicion.

It is, therefore, most important to try to determine the line of Soviet strategy in coming months. An examination of various sources and talks with many knowledgeable individuals of varying shades of opinion lead me to the following conclusion:

The basic line of Soviet strategy is to isolate the United States from the rest of the world. This is to be done in every possible way. Unceasing propaganda from inside Russia and from the centers of Communism outside Russia will constantly stress the line of American Imperialism and dollar diplomacy.

The way in which official Moscow has received the Greek-Turkish aid program fits into this pattern. The reaction has been comparatively mild and negative, which has encouraged some naive souls to believe that Stalin and Molotov have been intimidated by this move from strength.

—EXPECT FAILURE IN GREECE—

The masters of the Kremlin are convinced of the certainty of our failure in Greece. They are basing their plans on that conviction. They believe that, when we fail and finally withdraw in disgust, a left-wing movement in Athens must inevitably turn to Moscow for help.

If the United States blunders into a depression, the Kremlin will not be surprised. That, also, is a conviction on which Soviet policy is based. Soviet propaganda is geared to denounce "decadent capitalism," with its millions of unemployed.

The onset of a depression would make it imperative to send the products of our farms and factories into foreign markets. The Soviets would do everything they could, short of an actual shooting war, to keep us out of these markets.

Communists in Western Europe have already begun a barrage against the "Truman Doctrine." Jacques Duclos, regarded as the principal spokesman for Communism in the west, and one of the delegation that met Henry Wallace when he arrived in France, in a speech last week sought to identify the Truman name with "worldwide reaction." This is the key theme that will be dinned into the ears of millions.

In England, the outlines of a drive to force British foreign policy away from the United States, and toward a much closer orientation with the USSR, are now clear. When Foreign Secretary Ernest Bevin returns from Moscow, his foes within his own party will be ready to attack. They would like to drive him out of office, and conceivably he could use the pretext of his dubious health to change to a less strenuous job or to retire.

—BEVIN'S POSITION WEAKENED—

In this, however, his foes are likely to fail. Their real aim will be to force Bevin to disavow the Greek-Turkish program. They want to make the world think it is solely an American undertaking. Against the dismal background of the Moscow stalemate, Bevin will not be in a strong position.

It is just here, of course, that the timing of Wallace's visit is so significant. Whether he was aware of it or not, he contributed immeasurably to the drive to isolate the United States. There is no point, it seems to me, in ignoring the harm that Wallace does when he goes abroad to talk about "American Imperialism" and "Dollar Diplomacy." This coincides with a strong Anti-American sentiment, and here, too, Wallace confirms the worst European suspicions of a rich and indifferent America.

While the vote in the House may not be proportionately as large as that in the Senate, the Greek-Turkish program will certainly be passed by an overwhelming majority. In the House, there are more of the frankly reactionary-Isolationist Republicans and Southern Democrats, of the type of Sen. Kenneth McKellar and Sen. Albert W. Hawkes, who made up most of the 23 votes cast against the measure in the Senate.

It now becomes our duty to see that the money spent in Greece is used to strengthen progress and Democracy insofar as possible through the United Nations. At the very outset, this is likely to mean a new Greek government excluding extremes of right and left and bringing in Liberals and Social-Democrats.

How anyone can justify continued sniping, now that the program is assured, it is difficult to see. Plainly that will only serve to underwrite Soviet strategy.

without success. I thought that a clue might be found in the various forms of the name John; but in no form known to me does "n" occur before "o." For example: Hebrew, Yohanan; Greek, Ioannes; Middle Latin, Johannes; Late Latin, Joannes; French, Jean; Italian, Giovanni; Spanish, Juan; German, Johann, also Hans; Dutch, Jan; Russian, Ivan. If any reader knows why John is abbreviated "Jno.", I should be glad to have the information for this column.

El Segundo: Is it ever correct to pronounce the name Filipino as "fill-i-PY-no," the third syllable rhyming with "by, ny?"—M. W.

Answer: Never. The only sanctioned English pronunciation is: fill-i-PEE-no.

Clippings just received disclose that in Alvin, Texas, Miss Tubb and Mr. Barrel were married, and in Twin Falls, Idaho, a marriage license was issued to Miss Crow and Mr. Parrott. B. B. B., of Decatur, Illinois, reports a girlhood friend named Cuba Haiti Puerto Rico Jamaica Alaska Perkins.

What the Gang Leader Sez Goes

Good Morning!

By The Bugler

ON THE COVER—Dudley Jewell, Escanaba Chamber of Commerce secretary, was in the Press office the other day with the May copy of the magazine "Flying."

What had caught his eye was the picture on the cover.

It was a full color photo of a light plane being serviced at the Escanaba airport, with the residence of Fred Sensiba, airport caretaker, in the background. The building is of log construction, and the bright colors of the place, the brown of the log house, and the fair blue of the sky made an interesting and attractive picture.

In the picture a young woman was cleaning the windshield of the plane, and a young man was standing on the wing near the cabin. Workers in the Press editorial room recognized the young woman as the daughter of P. J. Hoffmaster, director of the Michigan conservation department, who was in Escanaba last summer with a flying tour. The magazine identified the photographer as Mr. Haug, who is believed to be a member of the conservation department's staff.

HE REMEMBERS—Eddie "Bud" Gibbs of Perkins was in Escanaba the other day on a matter that had to do with organizing a baseball league, and at the same time convey to the Bugler a message from Maurice Forsberg, bartender at the Village Inn at Perkins.

The message was that Forsberg remembers the time when President William Howard Taft visited the Upper Peninsula, and that it was not in 1912 as previously reported in this column. The date was Labor Day 1911, says Forsberg, who saw Taft in Marquette that day.

INVENTOR—Recently at the North Western passenger station in Escanaba a Bugler aide met B. I. Mohandara of Fayette, who was on his way to Milwaukee to attend a sportsman's show.

Mohandara had with him an artificial fish lure that he had invented. We suppose Mr. Mohandara has the bait patented, so we'll tell you that it is a weedless lure of new design. The hooks on the stream-lined wooden bait are retractable, and pop out to snag the fish when the fish takes the bait and the fisherman gives a pull on the line to "set" the hooks.

Mohandara also had with him the blueprint of another gadget he has invented. Our aide was not so definite about this one, but described it as a blueprint for a steel tie which could be used as a cushioning for railroad tracks.

THE LOST RING—Willie Beach of Escanaba, who works part time as a repairman for the local Maytag-sales dealer, was tinkering with a washing machine when he found a ring beneath the agitator. The ring was set with two clear and sparkling stones, and the machine was owned by Thor Lieungh.

Taking the ring with him, Willie inquired at the Lieunghs but there was no one home. From others he learned that the Lieunghs were in Chicago, where Mr. Lieungh was receiving hospital treatment.

Wondering if the sparklers in the ring had been damaged by the mauling in the washing machine, Willie took the ring to a jeweller to have it inspected. When the Lieunghs came home he returned

INTO THE PAST

Ten Years Ago

Thousands fled their homes, rich and poor alike, as the bloated and muddy Ohio rolled downstream Tuesday night with the debris-laden burden of its tributaries.

Miss Jane Rowley, Escanaba high school orator, presented her oration, "Forgotten Women," as a preface to the general discussion at a regular meeting of the Community Forum last night in the council chambers of the city hall.

Washington.—When John J. Pershing, general of the armies, sails tomorrow to represent President Roosevelt at the coronation of King George VI, he will carry with him one of the most gorgeous uniforms ever worn by an American officer.

More iron ore has been shipped from the Chicago and North Western docks at Escanaba during the past 13 days than was handled during the whole season of 1932, figures compiled at the local dock office yesterday revealed.

Twenty Years Ago

Lansing.—The Leland highway finance bill, proposing a three-cent gasoline tax and an equal division of the weight tax with the countries, was rejected by the house today.

About half of Escanaba's dirt streets had been dragged when the whistle blew on the city's crews last night, and work on the remainder will be pushed as rapidly as possible.

Plans to break the Mississippi levee below New Orleans at noon Friday in an effort to save that city from the flood are formulated by army engineers and Louisiana state officials.

The Escanaba Municipal band will give a sacred concert in the high school auditorium next Sunday night beginning at 8:15. It has been announced by Joseph Greenfield, director.

the ring to them.

Oh yes—the jeweller reported to Willie that the stones in the ring were chipped glass and had survived their trip through the washing machine unharmed.

ENGINEER-WRITER—Arne Arntzen of Escanaba, California and Okinawa, is a busy man these days, according to Mrs. Arntzen, who is now in San Pedro, California. For Arne is employed as an engineer in Okinawa, and in his spare time is writing a novel, engineering articles for magazines, and a 20-installment story for the Okinawa Army Engineers newspaper.

The installment story describes his trip through Japan, a trip given him as one of the winners of an essay contest sponsored by the Red Cross. It is written in diary form and "makes very interesting reading," says Mrs. Arntzen. In addition to all this, the May issue of "Detective World" carries one of his fact crime stories, written before he left the United States. Detective story fans have read many true crime stories written by Arntzen in the last few years.

Arne is the son of Mr. and Mrs. Gothard Arntzen, and a brother of Wally Arntzen, Escanaba flyer.

LEARNING—Two young women who had been in the office of the county clerk in Escanaba were asking about getting a copy of a birth certificate for one of them. A search revealed that the birth had not been recorded, and the young women were told of the necessary and somewhat complicated procedure necessary in establishing a birth certificate. After a long and detailed explanation both of the young women seemed to gather some vague idea of what was required. They were still confused,

The Washington Merry-Go-Round

BY DREW PEARSON

Washington—Diary notes from the Byrd expedition: Admiral Byrd was chatting with New Zealand's shrewd Prime Minister Peter Fraser. "I guess," said Byrd, "you wouldn't like to see my brother (Senator Harry Byrd of Virginia) President of the United States." Replied Diplomat Fraser: "Admiral, if it were you instead of your brother, I would feel differently." . . . Byrd was gen-ly popular in New Zealand, though New Zealanders were certain he was primarily hunting for uranium. . . . U. S. officials were equally suspicious of the Russians,

which was why the Byrd-boys hopped off one year early when they learned the Russians were preparing a "whaling expedition." . . . Funny thing was that the Russian whalers actually turned out to be exactly that. One of the world's most critical shortages is fat, and whale oil is especially needed for certain delicate war instruments.

Admiral Byrd got the publicity, but real hero of the expedition was Adm. Richard Cruzen. He did a great job of piloting the ships through the ice. . . . While his only son was killed in a Washington, D. C. motor accident, Cruzen stayed on the bridge, didn't take a minute off as the expedition grazed past deadly ice barriers. . . . Cruzen and Byrd had the same rank, though Cruzen had the real power. His title was "Commander of Task Force." . . . While newspapers were announcing that Byrd ordered the evacuation from Antarctica, it was Cruzen who really gave the order. Byrd didn't have the authority. Inside fact is Cruzen was sent along by the navy as a balance-wheel to Byrd's temperament. . . . A driving, fanatical man with tremendous ambition, relations sometimes were tense between Byrd and Admiral Cruzen.

Chief row of the trip was between Byrd and the expedition's aerial geographer, whom Byrd accused of "working against me." . . . The geographer insisted on reducing by several hundred thousand square miles the total area Byrd wanted to claim as having been discovered and explored. The geographer contended this area actually was not surveyed, furthermore that a large part of other areas claimed by Byrd were not surveyed with any great accuracy. . . . Despite Byrd's ire, he stood pat. . . . When Byrd explored the antarctic in 1929-30, he announced the discovery of Marie Byrd land and other areas, supposedly claiming them in the name of the USA. But he failed to send the state department a survey of the land so it could not make the claim official.

First priority after reaching Antarctica was Byrd's flight over the south pole, even though he had done it before. As a gesture he dropped the flags of each of the United Nations. It would have been useless to drop an American flag since Roald Amundsen, a Norwegian, and Robert Scott, an Englishman, had reached the pole many years before on foot, thereby establishing prior claim for their countries. . . . In the rest of the antarctic, navy pilots dropped hundreds of American flags with land claims signed by the crews. . . . Scientific members of the expedition criticized Byrd for flying on important missions as a passenger, thereby taking up a seat which could have been occupied by the geographer or a scientist. . . . The flight over the south pole, they contended, was a publicity stunt which hindered other operations.

The scientists claimed the military leaders of the expedition showed little interest in work to be done by geologists, biologists, and aerologists. . . . "I was treated like an alien in my own country," remarked Paul Siple, a civilian adviser who probably knows more about antarctica than any other man alive. He has been on every expedition from the first in 1923. . . . Because of the hurried-up departure to outrun the Russians, the Byrd expedition had poorly installed cameras, insufficient polar training for pilots, and holes cut wrong-side-up in the Douglas planes, which obscured many valuable aerial photographs.

When Byrd revisited his first little America camp, he carefully collected the commercial products preserved by natural refrigeration and sent telegrams to each company telling them how well their products had kept. One tobacco company replied with a large financial offer for a Byrd endorsement. . . . Greenland, says Byrd, is the most strategic land in the world today. His expedition was intended to train personnel for further operations in the north, especially Greenland. . . . Pilots had to learn to navigate near the magnetic poles where their normal compasses were erratic; the crews had to learn to heat engines before takeoffs. . . . This was probably the most successful part of the Byrd trip—though the army and navy both had previous experience in China.

Byrd's pet phobia is the United Nations. The Admiral was in San Francisco when the charter was written, argued then with Senators Connally and Vandenberg. . . . "If the American people ever discover how they have been hoaxed," Byrd says he told Truman, "they will retire to isolationism or take vengeance on the leaders who were responsible." . . . The Admiral believes Truman sympathized with his viewpoint but at that time wanted to appease the Russians. . . . "I call it the 'Artichoke' Process," he explains. "We appease little by little until now the United Nations is nothing but an instrument by which a totalitarian power can dominate the smaller countries." . . . When Byrd found strong sentiment for placing antarctica under a United Nations trusteeship, he said: "I told them 'turn it over to a totalitarian outfit—over my dead body, you will.'" . . . "Never in history," says Byrd, "have people been so defrauded. It is fantastic the way the American people were taken in on this United Nations."

The most efficient subtracting machine is an old auto.

Why is it most new shoes have to be so slow at making folks feel at home?

PRESIDENT'S POWERS

A 32-page booklet describing the historical background of the present powers of the President; also CONGRESS, a 4,000 word bulletin which outlines the composition, functioning and methods of enacting laws by our national legislature. however, about the business of having certain papers notarized.

And when they finally made their way down the court house steps, one young woman said to her companion: "What in the hell is this notary public?"

—Clint Dunathan.

WATER USAGE HITS NEW HIGH

Over 1½ Million Gallons Pumped Here Every Day

Water production in the 1946-47 fiscal year will reach an all-time high of approximately 545 million gallons, a recent report of the City of Escanaba water department has revealed. Last year's production was 518 million gallons. A total of 203 new service connections were made by the water department in the past three years, during which time water production increased from 473 million gallons annually to the present record of 545 million, an increase of about 15 per cent.

The present rate of production is about one and a half million gallons daily, which is within the capacity of the city's existing wells provided they are all operating normally and there is no wide variation from the daily average.

Water department officials emphasized in their report, however, that well pumps will eventually have to be removed from service for repairs, and that in the event any one of the three major wells were out of service for a period of several days, the remaining wells would not be able to supply sufficient water to meet normal demands.

During the summer months when "water consumption rises sharply, the ground well source of supply is supplemented by the operation of the old filter plant. The filter plant is out of service in the winter because of the danger of freezing and the plant is not in proper operating condition even for summer use, the report indicated. Facilities for complete treatment of the surface water are no longer available at the plant.

The number of water customers was increased in the 1945-46 fiscal year to the present from 3505 to 3604.

An abnormally high percentage of water loss, characteristic of the Escanaba plant for a number of years, is still evidenced by the latest report. The percentage of loss in the 1946-47 fiscal year is estimated at 38.61 per cent as compared with 38.66 per cent last year and 40.01 per cent in 1943-44.

Nahma

Personals

Nahma, Mich.—Mr. and Mrs. John Schwartz, Jr., Mr. Henry Peterson, Mr. Edwin Peterson and Mr. and Mrs. James Moore left on Thursday for Detroit to attend the funeral of Mrs. Joe Powers, the former Ruth Peterson, daughter of Mr. Henry Peterson.

Visitors on Saturday at the Richard Bjorkman home were: Mr. and Mrs. Glen Pawley, Mr. and Mrs. Vern Ekstrom and Mr. and Mrs. Gus Nye of Manistique. Miss Jeanne Swanson and Mr. Ralph Ekstrom of Manistique spent the weekend at the Richard Bjorkman home.

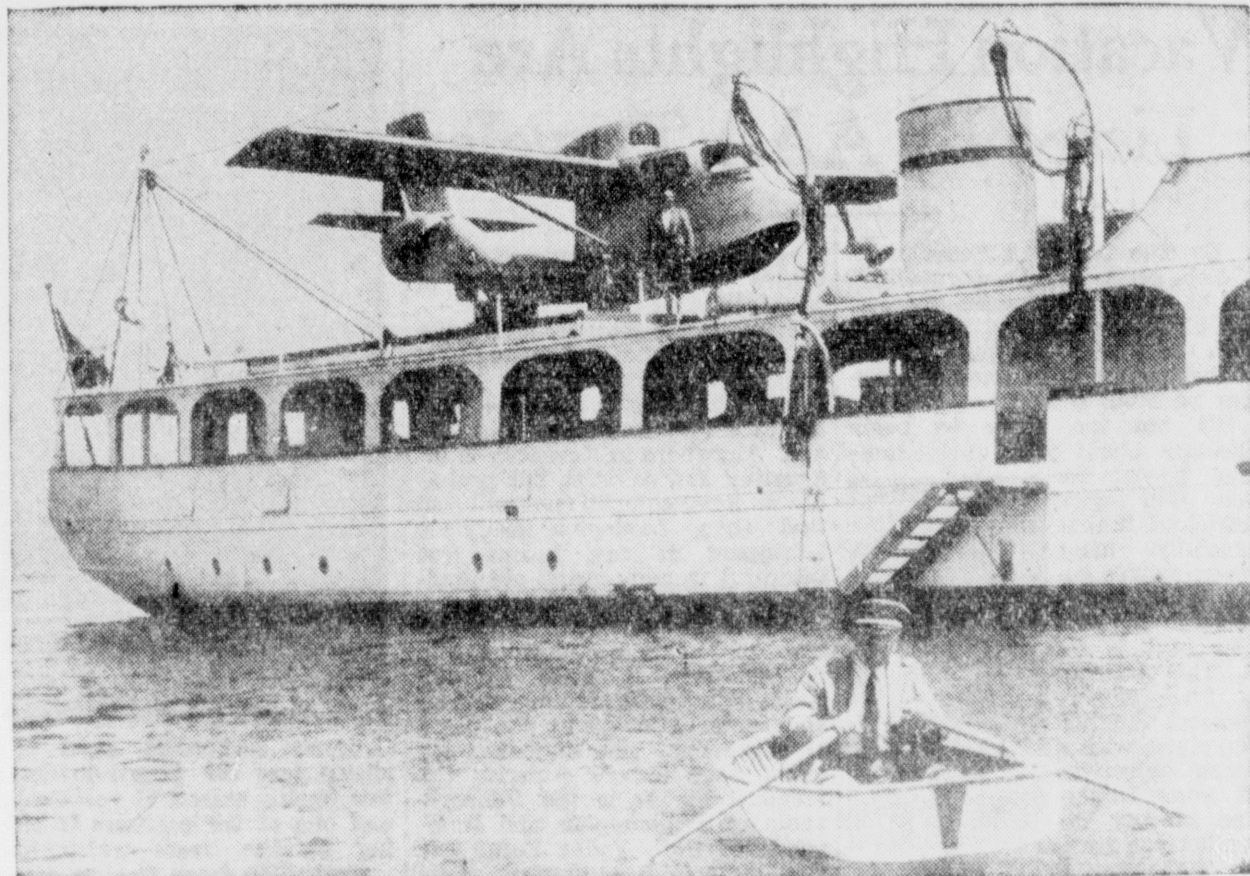

Nahma Lions Club

The meeting of the Nahma Lions Club has been postponed until May 1.

New Business Planned

William Rogers has purchased a piece of land at Fairport on which he will build a 20 foot by 40 foot packing shed for fish. Mr. Rogers intends to have this as his headquarters for buying fish in that territory. Construction on the building will begin very soon.

FOR VACATION AFLOAT OR ALOFT — The "aircraft carrier" Diesel yacht Breezin' Thru, pictured above, is something super-duper in vacation craft, devised by its owner, Beal Sprott, retired hotel man of Los Angeles, seen

in rowboat, right. He equipped yacht with launching boom and deck space for his 4-passenger amphibian plane, in preparation for a cruise to South America.

Former Negaunee Man Wins Fame As Denver Preacher

Negaunee — "Pulpit Psychologist," an article by Hartzell Spence in the April 26 issue of the Saturday Evening Post, is devoted to telling of the work of the Rev. Frederick Cox, a Methodist minister in Denver.

The article will be of special interest to residents of Negaunee for Dr. Cox was born in that city, July 27, 1891, the eldest of nine sons of an English immigrant iron miner at Negaunee.

Cox played a trombone in a band at the age of 12. At 14, he was apprenticed to a blacksmith, at 18 returned to high school graduating at 21. For two years, he was a reporter for the Houghton Mining Gazette and as a sideline played in two bands and later in a dance orchestra.

Ministry Was His Choice

He augmented his small savings by playing in bands when he went east to enroll at Wesleyan University in Connecticut. He was a country preacher in Michigan for a short time and then at the age of 28, he went to Northwestern university to prepare for the life work he had chosen.

Graduated from Garrett Biblical Institute three years later, he married and headed for Salt Lake City, Utah, for his first pastorate as a full-fledged Methodist preacher.

Stephenson H. S. Plans Junior Day

Stephenson, Mich.—The seventh annual Junior High day which has become a fixed part of the Stephenson high school program will be held May 2.

Invitations have been sent out to 16 rural and village schools in the Stephenson area and guests will be the 6th, 7th, and 8th graders who plan on entering the Stephenson school in September. A special feature of the day will be the Junior High parade at 2:15 p. m. The Stephenson 8th grade have made banners for the occasion and will plan the line of march and drum corps from the school band will be in the lead.

Other periods in the program will be used to introduce the visitors to the courses and experiences offered by the school curriculum and to have the pupils who

John C. Johnson, Retired Jobber, Taken By Death

John C. Johnson, 74, retired jobber and logger, died at 2:30 o'clock Friday afternoon at St. Francis hospital.

Mr. Johnson was born in Simko county, Canada, April 30, 1872, and came to the United States as a child. He started working as a jobber and logger when he was 20 years old, and was employed by McLeod's in 1905, and later by the Stack Lumber company, at Newberry. He came to Escanaba in 1909 from Albena, Mich., where his marriage took place.

He and Mrs. Johnson, who died in November of last year, had celebrated their golden wedding in 1942. Since the death of his wife he had lived with a daughter, Mrs. George Hentz, of 1009 Stephenson avenue.

Surviving are two daughters, Mrs. Ernest (Ethel) Carlson and Mrs. George (Nina) Hentz, seven grandchildren and four great grandchildren.

The body was taken to the Anderson funeral home. Arrangements for the services will be completed today.

will be classmates next year become somewhat acquainted with each other.

Dinner will be prepared for the guests by Miss Schaal and her Home Economics girls.

ANSUL BEGINS NEW BUILDINGS

Erling Arntzen General
Contractor On Big
Marinette Job

The Ansul Chemical company of Marinette has launched an extensive building program designed to replace and modernize some of its plant units no longer considered adequate or efficient, it was announced yesterday by H. V. Higley, president.

Erling Arntzen of Escanaba is the general contractor on the project. Construction work, part of a long range program, has been started on two new buildings, a boiler house and multiple-unit structure.

Included in the multiple-unit building which will have an overall measurement of 305 by 100 feet will be a sulfur dioxide plant 100 by 80 feet on the north end, a warehouse 200 by 100 feet on the south end and a two-story employee change-house 100 by 50 feet on the west side. The building will also provide accommodations for plant control, analysis, filling and shipping facilities and office and laboratory space for production and other administrative personnel.

Modern methods for producing liquid sulfur dioxide, one of the firm's major products, are being stressed in the design and construction of the manufacturing unit. All new equipment will be installed which will include automatic facilities for the unloading of raw materials.

The warehouse which will combine the shipping and filling departments will have a series of loading ramps for trucks on the south end and rail loading provisions on the east side. The employee change-house will provide shower, locker, lunchroom, meeting room and other conveniences for production employees.

Although only one boiler will be installed in the boiler house at the start, it is designed to accommodate another when needed. All the latest improvements in boiler house design are being incorporated in this structure which will be 78 feet long, 68 feet wide and 46 feet high. Initial work on the under construction was started last fall.

Both buildings will be of concrete, steel and brick construction.

Do you suffer from MONTHLY distress of FEMALE WEAKNESS?

This great medicine is famous to relieve pain, nervous distress and weak, cranky, "dragged out" feelings, of such days—when due to female functional monthly disturbances.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

crete, steel and brick construction. Concrete piles for the larger of the two buildings are now being put in by the Raymond Concrete Pile company of New York City which firm has the subcontract for this work.

President Higley said a need for more modern and efficient buildings and equipment to handle this phase of the company's operations has existed for some time, but plans were interrupted by the war. In commenting on the building program, Mr. Higley said: "We are often asked if it is really practical to build when prices of

materials and labor are exceptionally high. Our answer is that we hope there will be no further advances, in fact, we expect some recession in certain costs that are definitely unreasonable. If the contractor finds that he cannot proceed on a practical basis, undoubtedly we will just have to stop where we are and await a better time to proceed."

Save fuel by baking potatoes when other foods are oven-cooking. If a moderate oven is called for, allow a little extra time for the potatoes to bake.

REAL BUSINESS OPPORTUNITY

for man or woman with business ability. Must be progressive and ambitious. This business is already established and showing excellent returns. Require investment to buy one half ownership. Business located on Ludington Street, Escanaba.

Write for particulars. Box "X".

ARBITRATION

1. WHAT DOES ARBITRATION MEAN?

Simply expressed, arbitration means that two parties in dispute present their case to an impartial third party to decide. The arbitrators act as judges or umpires, consider the facts, and render a decision.

2. WHAT KIND OF ARBITRATION DOES MICHIGAN BELL OFFER?

Michigan Bell offers to place the wage dispute before an impartial board of representative Michigan citizens to decide, with both the company and the unions to abide by their decision.

3. WHY DOES MICHIGAN BELL OFFER THIS KIND OF ARBITRATION?

Wages are the big issue in the telephone strike.

Michigan Bell believes its wages are good . . . that they compare favorably with others in the community for work requiring similar skill.

The unions say they aren't good and want a lot more.

Settlement of this dispute must be reached in a way that is fair and reasonable to telephone employees, who do the work, and to telephone customers, who pay the bills for Michigan Bell service.

Negotiation is the **BEST** way to settle the wage issue, but since negotiations have been unsuccessful, arbitration is the **NEXT BEST** way. It is a **FAIR AND REASONABLE** way, particularly for a public service organization upon which the public is solely dependent for telephone service.

Michigan Bell is a Michigan company, operating within the state.

Its customers are Michigan people.

99% of all the calls it handles are local or within the state.

Michigan citizens would be in the best position to decide this dispute.

They would be able to determine whether Michigan Bell wages are fair to both employees and the public.

They would be able to determine to what extent recent wage settlements in other industries have a bearing, if any, on telephone wages in Michigan communities.

Michigan people will have to live with the decisions that are reached.

They are the ones who pay the bills for Michigan Bell service.

They should have something to say about this dispute.

Acceptance of arbitration by the unions could end the strike now.

It would get employees, who already have lost more than \$2,000,000 in wages back on the payroll.

It would restore normal telephone service to the public.

WE AGAIN REPEAT OUR OFFER TO ARBITRATE THE TELEPHONE WAGE DISPUTE.

PLEASE MAKE CALLS REQUIRING AN OPERATOR ONLY
IN EMERGENCIES DURING THE TELEPHONE STRIKE.

Mrs. Seth Burkland has arrived from St. Louis, Mo., to visit a week with her parents Mr. and Mrs. Thomas Tounsgant, 1415 Fourth avenue south. Mrs. Burkland is the former Betty Tounsgant.

Sister Anne Clare of St. Ann school is a medical patient in St. Francis hospital.

Mrs. Dorothy Boyle, of 1018 First avenue north, has gone to Racine, Wis., to attend the wedding of her daughter, Annette Marie and Harold C. Rasmussen, which is taking place today.

William J. Baribeau, son of Mr. and Mrs. Phil Baribeau, 538 North 18th street, is a medical patient at the St. Francis hospital.

Mrs. Herbert Frisk returned to Grand Rapids yesterday after spending three weeks visiting with her mother, Mrs. William Bray, and her son, Kenneth Swanson, 322 South Eighth street.

Mrs. Merrill Johnson, 1419 North 16th street, left yesterday for Milwaukee where she will visit her husband over the week-end.

Mr. and Mrs. Earl Johnson, 1228 South 13th street, left yesterday to spend the week-end visiting Mrs. Johnson's brother, Harold Swanson, who is employed in Milwaukee.

Mrs. Paul Dura of Escanaba, Route One, left yesterday to spend the week-end with her parents in Marinette.

Mrs. W. G. Sullivan, 708 South 11th street, and Mrs. J. D. Cota, 708 South 15th street, spent yesterday visiting relatives and friends in Green Bay.

Mrs. Peter Jungles, 235 South 22nd street, and Mrs. James Jungles, 212 Ludington street, visited in Green Bay yesterday.

Elmer Berthume, 1314 Second avenue north, spent yesterday on business in Milwaukee.

S. I. C. William Ernst, stationed aboard the "Minneapolis" here left yesterday to spend the week-end with his parents in Green Bay.

Miss Mary Bisdie of Milwaukee and Mrs. Margaret Adams and son William and daughter Kathleen of the same city are spending the weekend with Mr. and Mrs. Charles H. Bisdie, 522 Second avenue south.

Leo Landre, 708 Fourth avenue south, is spending several days in Detroit and other cities of Lower Michigan on business.

Mrs. Gertrude Franklin of Iron Mountain is spending a few days here on business.

Mrs. Mae Bartman Johnson of Everett, Wash., is visiting at the home of Mrs. Mayme Folio, 610 South 10th street.

Mr. and Mrs. H. M. Tamblin of Grand Rapids, and Mr. and Mrs. R. P. Klenner and daughter, Susanne, of Milwaukee, arrived here last night to attend the wedding of Helen Mae Larson, daughter of Mr. and Mrs. Hugo Larson, and Carlton R. Johnson, a son of the Carl B. Johnsons, which is taking place this afternoon. Mrs. Tamblin and Mrs. Klenner are sisters of Mr. Johnson. Also here for the wedding are Mr. and Mrs. George Malcomson and son, Tommy, of Oconto Falls. Mrs. Malcomson is a sister of the bride-elect.

Harold Gustafson of Ensign was in Escanaba yesterday on business, following his return Thursday night from lower Michigan where he attended a meeting at Cadillac.

Robert DeGrand of 1507 Seventh avenue south is a surgical patient in St. Francis hospital.

Among some New Guinea tribes, no self-respecting girl would marry a man who has not proved his courage as a head hunter and taken a head.

The Bear, the ship which Byrd took to the Antarctic on his first expedition, was first used by the U. S. Navy to go to the relief of the Greely Arctic expedition in 1884.

Only one gem diamond in a hundred can be described as colorless and flawless.

Story Hour At Library Today

Jean Trantarella, children's librarian, will hold a story hour for children at the Carnegie public library this morning, beginning at 10 o'clock. The story program includes "Stripes," Williamson, "Two Is a Team," Beim, and "A Kitten's Tale," Chalmers.

Vegetables Are First In Kate Perkins' Garden

BY KATE PERKINS

(P) Newsfeatures

Pound Ridge, N. Y.—There's a constant struggle in my garden life between the vegetable patch and the flowers. One of them just has to be bled, and I've chosen vegetables.

I haven't time to do a really slick manicured job on both, so knowing something is going to get the short end of my cultivator, I have planned my perennials and annuals so that they will flourish and be colorful with a maximum amount of neglect.

The principal perennial bed is about 14 feet long and three or four feet wide and borders the path leading down to the garage. Last summer it bloomed constantly and prolifically and I received only three good seedlings and soil loosening. Last fall I administered a good dose of well-rotted cow manure.

Blooms In April

The garden starts out with an April burst of yellow daffodils, then tulips and grape hyacinths. Next comes the iris followed by peonies. There are campanula, fox glove, pansies, Johnny-jump-ups, and several rose bushes. I put in the gladiolus bulbs in clumps.

(Incidentally, I took up the glad bulbs after the stalks had dried, and dried them just as though they were onions for storing by spreading them on the top of the root cellar. Then I broke off the old, used-up bulbs from the new, formed corns and dumped these in a paper bag together with a tablespoon of moth flakes. Then I shook out the moth flakes and stored the bulbs in a dry place. The moth flakes kept away both thrrips and mice. Incidentally, the smallest of the new bulbs won't flower this year, so I'm setting them out and letting them get bigger for replanting next season.)

At any rate, the perennial border turned out very satisfactorily, and I'm following the same pattern this summer.

Annuals More Care

The annuals beds are more trouble, but I've worked that out pretty well. I think. The area is left entirely free for a good spading, except for two platycodon plants and the climbing rose bush at the trellis. I plan to grow my annuals for transplanting in the vegetable garden—in the spot where I'll put in my final, late planting of corn.

The bug battle is still on, of course, and I've already done a cursory inspection job for tent caterpillars. I didn't find any, which amazed me. Miracles like that don't seem to happen in my neighborhood.

I'm ready with my rotenone, nicotine and bordeaux mixture to give fight. But DDT, while its wonders are sung, still frightens me a little because of the neighborhood pets. However, manufacturers claim that nothing will happen to either Rover or Tabby if they come in contact with the stuff when used properly. Last summer I was impressed by some DDT cookies which a friend hung at the open door of her kitchen. Despite the lack of screen, not a fly came in—for they couldn't resist a stop at the lethal lure hanging in the doorway.

Watercress, Favorite

The watercress—the first seeds seen in these parts for many a war season—were planted in the brook just about as soon as the ice had been carried off. Now until I see some results I shall worry that they have been carried away down stream to bloom unseen and

Lace Lengthens Short Petticoat

By ALICIA HART

NEA Staff Writer

Short slips which must accommodate new longer dresses can be lengthened by adding lace at the hemline. The heavier and more closely patterned, the less transparent your hemline of lace will be.

The slip which must be worn with a sheer dress may be lengthened at the top by lengthening shoulder straps. Slips lowered at the top, however, present a problem of bra exposure unless you wear lower-cut wire bras. These will also eliminate a second set of straps which can look unlovely through sheer dress tops.

When laundering new, longer slips, wash carefully to avoid shrinkage. The slip that emerges from the wash tub two inches shorter usually suffers that loss because the water was too hot. To avert that fate wash a slip in lukewarm water.

The trick of pulling a slip its full vertical length when ironing will also help to keep original length intact.

The tall girl who has trouble buying slips long enough will be wise to take a larger size and sacrifice clinging fit for length.

WED RECENTLY—Mrs. Harvey Sundin, whose wedding day was Saturday, April 19, is the former Ruth Peterson, of Ensign. The couple, following a honeymoon in Indiana, will live at Isabella. (Ridings Photo)

Births

Mr. and Mrs. Jack Fisk, of Schafer, who temporarily are making their home in Detroit, are the parents of a daughter, Janice Lynn. The baby weighed six pounds and twelve and one-half ounces at birth.

Announcement has been received here of the birth of a daughter, Sandra Lee, on Wednesday, April 23, to Chief Petty Officer and Mrs. John J. McGovern, of San Diego, California. Mrs. McGovern is the former Lois Blake, daughter of Mr. and Mrs. Frank Blake, of Ford River.

A baby was born in a hospital in continental United States on the average of every 15 seconds during 1946.

THE SHERMAN HOTEL

A HOUSE DIVIDED
costs you more!

GO ALL-ELECTRIC
SAVE TIME, WORK AND MONEY

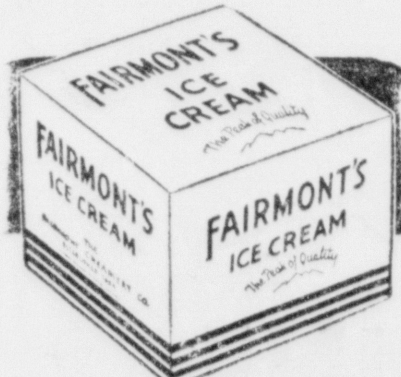

A HOUSE DIVIDED between electricity and old-fashioned methods costs you more because it's less efficient. Completely electrified homes and farms, using low-cost, easy-to-operate, time-and-labor-saving electrical conveniences, mean better living, easier work and lower cost.

The exclusive use of electricity costs you less because you then employ the best method for every job at the low-cost All-Electric rate. Job for job, use for use, electricity is best. Don't use two or more services when one does more for less.

GO ALL-ELECTRIC: It pays—in lower costs, less work, more time for pleasure and greater profits.

THE MORE YOU USE - THE LOWER THE PRICE

"The Peak of Quality"

Chatham

4-H Achievement Day
Alger county 4-H Club Achievement Day will be held at the Eben school, Tuesday, April 29.

Church Services
Reverend John Hamel of Marquette will conduct church services at the Chatham school at 7 o'clock Monday evening, April 28. The public is invited.

Church services will be held at 2 o'clock Sunday evening, April 27, at the Finnish Evangelical Lutheran church of Eben by Reverend O. A. Koski of Marquette. Following the services the Luther League will conduct a coffee social.

In the evening at 7:30 a Bible study hour will be conducted by Reverend Koski at the church. The public is cordially invited.

Wednesday Night Club
Mrs. Vern Richmond entertained members of the Chatham Wednesday Night Club at her home Wednesday evening, April 23.

Personals
Mrs. Larry Barber and Mrs. J. G. Wells visited in Marquette Saturday.

Mrs. William Ebbeson and daughters Bonnie and Annette, of Highland Park, Mich., visited at the homes of Mrs. Carl Christofferson, Mrs. Tolvo Kallio and Mrs. Oscar Johnson last weekend.

William, Ray, and Carol Hutler, and Ider Gunderson of Big Bay were weekend guests of Mr. and Mrs. George Lelvis last weekend.

Mr. and Mrs. George Lelvis and daughter Betty and Bernice Samanen and Betty Strand attended the Augustana College choir concert at Gravenet High school, Marquette, last Sunday evening.

Mr. and Mrs. John Hicks of Michigan were guests of Mr. and Mrs. Larry Barber last weekend.

Mrs. Carl Christofferson and children Gunile and Gordon and Mrs. George Lelvis visited in Marquette last Saturday.

Mr. and Mrs. S. G. Wolkoff are visiting Mr. and Mrs. Coy Ecklund, Detroit, and Mr. and Mrs. Robert Jeffries, Battle Creek.

The fancy goods and baked goods auction sale sponsored by the Rock River P.T.A. last Thursday evening netted \$104. Because the sale took so much of the evening, no movies were shown as had been planned.

Neither were P.T.A. officers installed. Installation of officers will take place at the next and last meeting which will be held Thursday evening, May 15.

The church-school planning meeting scheduled for Tuesday evening, April 22, has been postponed. It will be held Wednesday evening, April 30, at the home of Sadie Luoma.

Mr. and Mrs. George Kallio and son Billy of Lake Linden spent last weekend here.

Honor Roll
Chatham, Mich.—J. Donald Grenfell, Superintendent of Rock River Township schools, announces the Eben high school scholastic honor roll for the fifth marking period:

Eighth grade, Marie Hallstrom, Violet Hallstrom, Gerda Johnson, Eva Juntunen, Alice Knaus, Shirley Knaus. All A; Irene Mannisto, Patricia Mikulich, Dorothy Ruska, Elizabeth Varti.

Ninth grade, Harold Kallio, Bruce Whitmarsh.

Tenth grade, Sylvia Ollila; Bernice Samanen.

Eleventh grade, Beatrice Juntunen, Norman Laakso, Beatrice Lahti, Klock Lehtomake.

Twelfth grade, Alice Laakso.

Rock

School News

Rock, Mich.—The honor roll of the Rock high school follows:

12th grade—Lester Bazinet, Laverne Dyberg, Faye Franklin, Dorothy Johnson, Harold Jokela, Anita Kestila, Mary Larson, Viola Martilla, Martin Maunonen, Shirley Toine.

11th grade—Dorothy DeBacker, Bette Franklin, Grace Gerou, Ruth Hallinen, Mary Jodocy, Shirley Lusardi, Joanne Reno.

10th grade—Elsie Bjorn, Shirley Korvela, Beverly LaFave, Connie Pokela, Ruth Salminen.

9th grade—Leila Birch, Lorraine Gerou, Evelyn Hill, Ellen Ruoppinen, Delores Rinard, Ella Ruotsala, Mildred Wade.

8th grade—Gerald Hill, Roy Harjo, Louise Jodocy, Shirley Johnson, Allan Jokela, Rudolph Kaminen, Raymond Laituri, Barbara Larson, Virginia Potvin, Donna Williamson.

7th grade—Nancy Koski, Barbara Nelson, Patricia Seppala.

Personals
Rev. Gerald Bowen of Escanaba will conduct services at the Town Hall on Sunday evening, April 27, at 7:30. The Ladies' Chorus will present two musical numbers.

The Lions club will have an evening of entertainment on Saturday April 26 at 8 p. m. for the Lions and their ladies.

Several musical numbers will be offered—among them vocal solos, instrumental selections, selections by the Ladies' Chorus and possibly other groups and talks. Lunch will also be served. All members and ladies are invited.

Mr. and Mrs. Arthur Koski were pleasantly surprised by a large group of friends and relatives at their home on Sunday afternoon April 10 on the occasion of their 40th wedding anniversary.

A three-tiered wedding cake and a bowl of snapdragons centered the luncheon table.

Rev. Amos Marin of Gwinn gave a short talk on the occasion and Mrs. John Turunen read a poem for the couple which she had composed. The couple were presented with numerous gifts and a generous purse of money.

Mr. and Mrs. Koski have been

DAILY PRESS BLDG.
111 Cedar StreetHIGH SCHOOL
GROUPS SCOREGlee Club And Band
Concert Is Well
Received

Music of the popular, rather than the classical pattern, featured the band and glee club program at the Manistique high school auditorium Thursday evening when the two musical organizations of the school presented the final concert of the season to a near capacity audience.

Two glee clubs—the junior-senior and the combined girls' glee clubs—presented the first part of the program and the band had charge of the remainder.

Particularly popular among the girls' numbers were "Marita" sung by the junior-senior group, and "Tu Tu Maramba" and "This Is My Country" by the combined girls' group.

The band numbers went strongly to full-toned march selections. Two of the numbers, "Mount Royal March" and "Olympia Overture," will be played by the band at the festival at Escanaba today.

An innovation at the concert was a comedy skit, prepared and presented by the members of the school pep band. In the cast were Ray Norberg, Bill Eck, H. Peterson, Don Foye, Hal Bundy, M. LaBar, Wesley Schuring, Pat Shaw, and Dan Giovannini. The skit was pure slapstick comedy and scored a hit with the audience.

Between the band and glee club part of the program, Ray Norberg, trombonist, played Tommy Dorsey's current popular number, "Three Moods," accompanied at the piano by Miss Margaret Burgess.

Albert Mulhaupt, sexton at Fairview cemetery for the last 20 years, has resigned, effective May 1, James Dickson, city manager, announces.

Mulhaupt has been employed by the city in this capacity ever since the cemetery was opened and of the more than 1,000 graves there, he has dug all except one. His city rating is "Excellent."

To date, no one has applied for the position, the requirements of which are that applicant must have a high school education, must be under 50 years of age and be experienced in landscape gardening. Besides the salary, the sexton is provided with free house rent, water and lights.

Briefly Told
Rummage Sale — A rummage sale, sponsored by the King's Daughters of the Bethel Baptist church will be held this morning in the Ford garage.

Attention Nurses—There will be a special meeting of the Manistique District Nurses' association at 8 Monday evening at the home of Mrs. George Shaw, 201 Range street.

Rebekah Lodge—Agnes Rebekah Lodge, No. 159, will hold a social Monday evening in the I. O. O. F. hall. Hostesses are Olive Crawford, Kate Richey, Ethel Nelson, Choris Hubbard, Anna Peasley, Elizabeth Fox, Gladys Gardner and Elizabeth Branch.

KC Council Plans
Special Devotions
Members of the local council of the Knights of Columbus are asked to attend the 8 a. m. mass at St. Francis de Sales Catholic church next Sunday morning. They are asked to meet at the church school basement prior to the service, and at 7:55 will enter the church together.

These special devotions will be for the speedy recovery of the council's chaplain, the Rev. F. B. J. P. Scheyers, who is at present a patient in a Green Bay hospital.

French Smokers May Exceed Ration Limit
Paris (AP) — The French State Tobacco monopoly is going into competition with the black market. Ordinary tobacco ("gris") is to be sold freely at 53 cents a package as against 25 cents which will continue to be paid for 4 packs a month, the present ration.

A postal service for the 13 American colonies was established by the Continental Congress in 1775.

Residents of Rock for over 30 years. Their son, Nels Koski and his family also reside here, while their son-in-law and daughter, Mr. and Mrs. Wilho Salminen reside at Duker, Mich.

There were numerous out of town guests from Negaunee, Carlsend, Gwinn, Duker, Trenary, Lawson and Eben.

Miss Ella Holme of Chicago was called home by the death of her father, Emil Holme, whose funeral took place Tuesday. Another daughter, Taimi Holme, was unable to attend the funeral, as she is in a Chicago hospital.

Everett E. Cookson, of Manistique, well known in Lionism in the upper peninsula, has been announced as a candidate for governor of Lions District No. 10.

Cookson, known as "Cookie" to his numerous friends throughout the tenth Lions district, has been actively associated with Lionism since he joined the Manistique club about 10 years ago. He is a past president of the Manistique group, and also has served in many other capacities in his club, including that of vice president, tail twister, member of the board of directors, and as head of various committees. At the present time he is zone chairman in the district governor's cabinet.

Cookson was born and reared in Manistique where his father, the late Frank Cookson, was for years closely associated with the economic and political life of the city and county. After graduating from Manistique high school he attended the Michigan College of Mines at Houghton, now known as the Michigan College of Mining and Technology, and later was employed by the Michigan state highway department as an engineer.

For the past 12 years Cookson has operated the C-L Hardware in Manistique, one of the largest hardware establishments in the eastern end of the upper peninsula.

13 Veteran Band Members Graduate
Joseph Giovannini, Manistique high school band leader, presented letters to 13 members of the band at the close of Thursday evening's concert.

These young people are seniors and will graduate in June, and the leader announced that "the best part of the band" will be leaving at that time, many of them having been with it for six years.

Those receiving awards and the number of years they have been with the band were:

Drum — Majorettes — Charlotte Monette, 6; Betty Elliott, 6; Lois Wilson, 5.

Clarinets — Florence Hulet, 6; Hal Bundy, 6, and Bill Prime, 5.

Trumpets — Chuck Lundstrom, 6; Van Mueller, 6, and Herb Peterson, 5.

Trombone — Ray Norberg, 5.

French Horn — Eleanor Nelson, 4.

Drums — Pat Shaw, 6; Arlene Curley, 4.

Pat Shaw, in behalf of the band, presented Mr. Giovannini with a gift.

Also awarded letters, for four years participation in glee club work were:

Susan H. Allen, Peggy A. Bauers, Jean A. Hambeau, Betty L. Heinz, Mary A. Holland, Nancy J. LaFleur, Rita D. MacGregor, Eleanor G. Martin, Mildred J. Mickelson, Winifred J. Rodgers, Patricia W. Williams and Lois M. Wilson.

City Briefs

Mrs. Dan Estren, 329 Deer street, left yesterday to spend the weekend in Menominee with relatives.

Out-of-town relatives who attended funeral services here Wednesday for William Cousineau were: Mr. and Mrs. Milton Cousineau, Lansing; Mr. and Mrs. Verlin LaVance, Chicago; Mr. and Mrs. Nick Franzel, Mr. and Mrs. Jim Chambers, Mrs. Dick Hicks, Mrs. Margie McCoy, Merrill Cousineau, Detroit; Mr. and Mrs. Earl Jacobson, Escanaba; and Mr. and Mrs. Frank Genauer, McMillan.

Mr. and Mrs. William Graff, Detroit, are parents of a daughter, Cathy Ann, born April 19. Mrs. Graff is the former Shirley Van Dyke, of this city.

Alphonse Verschure has returned to his home here after spending five months in Encinitas, Calif., and touring the western states.

Henry Olesak has returned to his home here on North Houghton from Detroit where he has been employed for some time.

St. Peter's Lutheran (Wisconsin Synod)—Divine service at 3 p. m. Theophil Hoffmann, vacancy pastor.

CARD OF THANKS

We wish to express our sincere appreciation and thanks for the wonderful acts of kindness shown us by neighbors and friends during our recent bereavement, the death of William Cousineau. We are especially grateful to Rev. D. A. MacPhee, the Fire Department, the V. F. W., those who sent flowers, those who donated the use of their cars, those who served as pallbearers and all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Signed:
Sisters and brother,
Mr. and Mrs. Eli Cousineau
Mrs. Martha Londo
Mrs. Minnie Londo
Mr. and Mrs. William Belanger
Mr. and Mrs. Ed Genauer and

Will Speak Sunday At Bethel Baptist

The Rev. Wilbur S. Sorley, of the Baptist Missionary service, will speak at the Bethel Baptist church at 10 Sunday morning, the Rev. Harold Martinson announces.

He is also scheduled to speak at the Gulliver Baptist chapel at 7:45 Saturday evening. This time schedule replaces one previously announced.

Rev. and Mrs. Sorley were appointed as foreign missionaries under the foreign mission board of the Baptist General Conference but their field of service has not as yet been designated.

The public is invited to attend both services.

Gould City

Mrs. George Judson has been elected treasurer of the Gould City baseball team and Gordon Parrish has been elected manager.

The bride wore a gray dress with navy blue accessories and a corsage of red roses for her wedding while her attendant, Frieda Ehn, wore a pale green dress with a corsage of yellow snapdragons.

The wedding party returned to Gould City in the evening where a large party of friends and relatives had gathered to congratulate the bridal couple.

They are making their home in a bungalow south of Curtis on M135.

Engagements Announced
Mrs. Georgiana Halsey, North Houghton avenue, announces the engagements of her daughters, Laura, to Jacob Kandell jr., son of Jacob Kandell sr., River Road, and Helen, to Robert Winkler, son of Mr. and Mrs. William Winkler of Cooks. The weddings will take place in the near future.

Taylor-Stewart
Mrs. James Vaughan, Deer street, has received an announcement of the marriage of her sister, Rose Taylor, Springfield, Mo., to Jack O. Stewart of Los Angeles, Calif. They were married at Columbus, Kas., on March 22. Mr. and Mrs. Stewart are residing in Huntington Park, Calif. The bride is a former resident of this city.

English-Oestreicher
Mr. and Mrs. Harry English announced Thursday the marriage of their daughter, Margaret Louise English, to O. G. Oestreicher, of Detroit. The wedding took place in Detroit April 16.

Bridge Club
Mrs. P. P. Stanness entertained members of her bridge club Thursday evening at her home on Walnut street. Mrs. Leon Nicholson held high score for the evening, and Mrs. William Corson, second. Lunch was served later. Guests of the club were Mrs. Ira Crawford,

Local businessmen, who have received requests from the Schoolcraft - Manistique Chamber of Commerce to express their opinions concerning parking meters are urged to fill out forms sent them by the C of C and mail them without delay to the city council.

In view of the fact that the council meets Monday evening and the meter proposal will probably be on the agenda for discussion, attention to this detail is important, Leonard Mulhaupt, Chamber secretary, said.

"Rented the first day" said Smith
Mrs. J. L. LeDuc and Mrs. Carl Wedell.

Mather Band To Participate In Festival Today

Munising—The Munising Mather high school band, under the direction of D. W. Howlett, will journey to Escanaba today to compete in the William W. Oliver Memorial Auditorium. They are scheduled to play there at 2:30, EST (1:30 Munising time).

A massed band consisting of approximately 20 members of each band participating in the festival will play a concert at 8 o'clock tonight.

Members of the Mather high school band who will play in the massed band are: Janis Tredway, Carol Engel, Peggy Chase, Barbara Osland, Patricia Campbell, Elmer Erickson, Ronald Bengtson, Molly Shirey, Duane Howlett, William Reynard, Gene Louis, Carol Floria, Peter Seaberg, Jane Webber, Nancy Oas, Erna Mae Vadnais, Margaret Melwki, Blanche Moulds, Jack Raymond, Jack Vadnais, Viola Rantanen.

Members of the band who will participate in the festival are:

Flute, Janis Tredway, Janice Gibson; E-flat clarinet, Carol Engel, Patricia Campbell, Elmer Erickson, Ruth Johnson, Lois Tunteri, Joyce Mellin, Patricia Gamble, Ronald Bengtson, Lillian Schultz, Jane Bjork; alto clarinet, Molly Shirey; brass clarinet, Joan Chandler; bass, Duane Howlett, William Reynard; drums,

Gene Louis, Harry Bucon, Robert Boyak; alto saxophone, Sally Gattiss, Mary Jayne Main; tenor saxophone, Carol Floria, Elaine Fink; baritone saxophone, Lotus Brown; conner, Peter Seaberg, Jane Webber, Nancy Oas, Erna Mae Vadnais, Sandra Engel, William Mazzali; french horn, Margaret Melwki, Blanche Moulds; trombone, Jack Raymond, Jack Vadnais, Robert Nelson and Theodore Anderson; baritone, Viola Rantanen.

Rev. Soderberg To Hold Youth Meeting Sunday

Munising—Rev. Einar Soderberg of the local Methodist church will conduct a special youth meeting at 7:30 Sunday evening in the social room of the church for all youth interested in the local youth center. All young people interested in an organized program of recreation and leisure time are invited to attend, Rev. Soderberg stated.

The distribution of a questionnaire and a survey talk on "Youth Centers and Recreation Programs in other towns and Cities," will highlight the meeting.

Young people attending the meeting will be given the opportunity of selecting a member of the group present to act as chairman of the session, Rev. Soderberg announced.

EDEN LUTHERAN EVENTS
Munising—The Junior Missionary Society of the Eden Lutheran church will meet at 4 p. m. Monday. The Senior confirmation class will meet at 6:30 p. m. Monday.

New Red Cross Chapter Policy Announced Here

Munising—Local Red Cross chapter officials, yesterday, announced new policy for local chapter activities in Alger county after meeting in regular session Thursday evening.

George Goss, local chapter chairman, said a petty cash loan fund would be maintained in the future by home service chairman, John Carr, thus eliminating much of the "long drawn out process" formerly involved in securing a small loan from the local chapter.

Periodic statements of the financial status of the local chapter will also be given to the public through the medium of the newspaper, Goss said. Such policy has not been a procedure of the chapter in the past, he added.

The chapter will also make an effort to collect many outstanding loans, a practice which heretofore has been almost stagnant. In accordance with the Red Cross policy, persons financially unable to repay a loan will not in any way be forced to do so, he said.

The second regular meeting of the local chapter since reorganization will be held June 12.

Tree Planting Program Begins Soon In Alger

Munising—A program of tree planting conducted by the U. S. Forest service will begin in Alger county, Tuesday, April 29, it is reported.

For the initial planting, the Forest service will hire and train 20 men and will continue to increase this number of employees until 50 men have been trained and employed.

Trees have been obtained from Rhineland, Wis., and it is expected the planting will continue until June.

The Munising Rotary club, under a committee headed by Adolph Stebler, will also begin a program of tree planting here this month.

Rotary plans call for a total of 2,500 pine trees to be planted on 40 acres of land owned by the club surrounding Ready Lake.

Pine trees were procured for reforestation purposes from the state department of conservation and the nursery at the Michigan State college, Mr. Stebler stated.

Planting is expected to begin Sunday, May 6, and all labor will be done by Rotary club members, Stebler remarked.

MUNISING CHURCHES
Methodist—Einar Soderberg, minister. Church school at 9:45 a. m. Graded classes for all ages. Morning worship and sermon at 11 a. m. Sermon, "Into All The World." The Junior Choir will offer as an anthem "Nearer To Thee," special arrangement. Special Youth meeting 7:30 p. m.

Sacred Heart—Fr. Gerald Harrington, pastor. Masses, 8, 9:30 and 11. Saturday, confessions, 3 to 5 and 7:30 to 8:30.

Eden Lutheran—Rev. H. A. Larson, pastor. Sunday school with Bible classes, 9:30 a. m. Morning worship, 10:30.

Van Meer Baptist—Rev. Warren Jolls, pastor. Sunday school, 10 a. m. Morning worship, 11. Evening service, 7:30.

Pilgrim Holiness—Rev. Harold Rickenner, pastor. Sunday school, 10. Morning worship, 11. Evening evangelistic service, 7:30. Worship at Au Train, 2:30 each Sunday.

Munising Baptist—Rev. Howard Brower, pastor. Sunday school, 10. Morning worship, 11. Evening evangelistic service, 7:30. Worship at Au Train, 2:30 each Sunday.

Presbyterian—Rev. Frederick T. Steen, pastor. Sunday school, 9:45. Morning worship, 11.

MUNISING BRIEFS
Miss Marie DiPasquale returned to Sault Ste. Marie, Canada after visiting here the past week at the home of Mr. and Mrs. Harold Radloff.

Peter Booth and son, Michael George Papadakis and son Jimmy, and Mrs. Mike Marquette, visited here with friends yesterday.

Miss Theresa Gollinger and Mrs. Olive Stickney returned to Munising Thursday after vacationing in California.

HUGE FAMILY
England's record large family is said to be that of the Hendrens, of Wimbledon. The family numbers 120, including children, grandchildren, and great grandchildren.

A diamond is composed entirely of carbon.

Harthen Honored By Methodist Men

Munising—A farewell party in honor of Carl Harthen was held by the Methodist Men's club Thursday evening in the church parlors.

Mr. Harthen, who will leave Munising the latter part of this month to accept employment in Thief River Falls, Minn., has been an active member of the church and club.

During the evening the men participated in recreational games of ping-pong and darts. Following the recreational period, the men were served a lunch at which time Mr. Harthen was presented with a gift.

G. A. Baldwin and Dr. G. B. Wickstrom were hosts.

Barber Refuses To Cut Hair Of Local Minister

Munising—Rev. Einar Soderberg, Methodist minister, instrumental in bringing about the recent ban on bingos at the Legion club here, walked into the Gabe Heldman barber shop, east Superior street, yesterday and was refused a haircut by Mr. Heldman.

Upon Rev. Soderberg's entrance into the barber shop Mr. Heldman said to him: "I'm a Legionnaire and I do not want your business."

Rev. Soderberg walked out of the shop. Local Legion Post Commander, Adolph Stebler, commenting on the incident, said the action of Mr. Heldman seems to be a purely personal matter and does not represent the attitude of the Legion. He said he is not an official expression of the Legion post.

Seney

Seney, Mich.—Mr. and Mrs. Raffay from Manistique visited here Saturday with Mr. and Mrs. Koski.

Mr. and Mrs. Olsen from Chicago visited over the weekend with Mrs. Olsen's brother and sister-in-law, Mr. and Mrs. Ketola.

Mr. and Mrs. Ted McArthur, Mr. and Mrs. Don McArthur and Mr. and Mrs. Harold Drake from Otter Lake visited over the weekend with their mother, Mrs. Sid McArthur.

The 4-H boys and girls and their leader Miss Bernard, attended the Achievement day program at Manistique Tuesday. County honors were won by Don Sadler, Bob Purple, Sue Ketola and Margaret Tull in handicraft and by Sue Ketola, Margaret Tull and Norma Nelson in knitting. Miss Goudreau, Mrs. Smith, Mrs. Nelson and Mrs. Tull attended the Achievement day program Tuesday.

Two cribbage dinners were enjoyed Saturday evening. Those attending the chicken dinner at the Seney Hotel included Mr. and Mrs. E. Tovey, Mr. and Mrs. E. Carson, Mr. and Mrs. B. Furst, Mr. and Mrs. E. Ketola, Mr. and Mrs. W. Neimi, Mr. and Mrs. R. Smithson, Mr. and Mrs. Don McDonald, Mr. and Mrs. A. Nelson, Mr. and Mrs. Chas. Smith, Mr. and Mrs. Koski and Mr. and Mrs. Raffay. After the dinner the group attended the baseball game at the town hall. Those attending the steak dinner at the Deer Hunt Lodge at Grand Marais included Mr. and Mrs. McDowell, Mr. and Mrs. Boonenberg, Mr. and Mrs. Sadler, Mr. and Mrs. Waistrom, Mr. and Mrs. Putvin, and Mr. and Mrs. Hollister.

Meddies A. Nelson, B. Furst, E. Tovey, Riordan and Smith left Friday for Green Bay on a combined business and shopping trip.

Bert Furst is attending a meeting of the Board of Supervisors at Manistique this week.

Mitchell Rutherford has gone to Ann Arbor to receive medical attention.

Cooks

Cooks, Mich.—Mr. and Mrs. Eino Pekie of Seney were guests of Mr. and Mrs. George F. Gray Friday.

Mrs. Bertha Mannering returned to Cooks Monday from Chicago after spending the winter there. She is visiting at the John Haind home.

Mrs. George W. Gray and Mrs. D. Pilon of St. Ignace spent Monday here with friends and relatives returning home the same evening.

D. Pilon of St. Ignace is helping Alex Weigandt repairing the telephone lines.

The 4-H club members of the local school went to Manistique Tuesday to attend Achievement Day exercises which were held at the Lincoln school.

LOCAL SCHOOL RATES HIGHLY

Supt. Cameron Advised Of North Central Approval

The Gladstone public schools have again been accredited by the North Central association, Supt. Wallace Cameron has been informed by Edgar G. Johnson, Lansing, chairman of the Michigan committee.

Ten points are used by the association in basing its rating. They are instruction and spirit, school plant, instructional equipment and supplies, school library and service, school records, policies of the board of education, administration and financial support, preparation of instructional and supervisory staff, teaching load, pupil load, and educational program.

Two hundred and forty-three schools of Michigan received the approval of the association. Earlier in the year, Supt. Cameron received word that Gladstone had been accredited by the University of Michigan.

Birler Joe Connor To Miss '47 Roleo

Capt. John Joseph Connor, of Cloquet, Minn., 1938 birling champion, is stationed in Japan with the U. S. Army and doesn't expect to return in time to compete in the 1947 roleo.

Joe, as he is known to many local residents, writes George Springer of Minneapolis, that he has received an entry blank but sees little chance of returning in time to compete as he still has 24 months of overseas service to serve unless non-regular army officers are released sooner.

"One day one of the soldiers in battalion headquarters asked me if I had a brother named Joe," he wrote. "He had seen my service record and noted that my home is Cloquet, Minn. I told him that I did not but that I was called Joe. He told me all about seeing a Joe Connor birl at Gladstone in 1941. He turns out to be a Raspor boy who lives just outside of Gladstone near Lindberg's cabins."

"We had quite a chat about Gladstone and mutual acquaintances. I'll show him the roleo entry blank. He's quite a birling fan. Remembered Running, Herron, the Swansons, Ogles and Johnsons all by name and he knew who you were, the Mathisons, Doug and George. Strange how one runs into people anywhere one goes who have seen birling somewhere or other. Another soldier from Minneapolis mentioned seeing me at the Sports Show in Minneapolis."

McMillan

McMillan, Mich.—Mrs. A. J. Mainville and Mrs. John Armstrong entertained at a surprise party in honor of Mrs. Harvey Mainville, the occasion being her birthday anniversary, on Monday evening. Three tables of 500 were in play with Miss Olive Mark receiving high honors, Mrs. Frank Kirby second and Mrs. Donald McInnis last. At the close of play a dainty lunch was served at a table centered with a pink and white birthday cake.

Guests were Mrs. P. C. Mark, Mrs. Frank Kirby, Mrs. Helma Anderson, Mrs. H. J. Skinner, Miss Olive Mark, Mrs. Ferris Musgrave, Mrs. Donald McInnis, Mrs. Wilmer Harkness and Mrs. Carl Hammond.

Joseph Cuthbert is a patient in the Newberry Clinic, following a heart attack.

Miss Dorothy Poppe of Marquette spent the week end at the home of Mr. and Mrs. William Poppe.

Mr. and Mrs. Wendell Dappert of Detroit have purchased the cabin of Homer Haines and will use it as headquarters for hunting and fishing.

Mrs. Nora Poppe and Mr. and Mrs. Wilfred Sommers of Marquette spent Sunday at the home of Mr. and Mrs. William Poppe. They were accompanied home by Miss Dorothy Poppe.

Conservation Officer and Mrs. Frank Generoso have purchased the home of Rev. and Mrs. Ralph

Wakefield's Homer Paces Tiger Rally In Eighth To Beat Browns

HAL AND BOB TANGLE TODAY

Detroit Erases 5-2 Deficit To Win By 6-5 Count

Detroit, April 25 (AP)—Parlaying six hits into as many runs with the aid of nine passes, the Detroit Tigers swapped eighth inning rallies with the St. Louis Browns today and finished on top, 6 to 5, to split their two-game series.

The Browns, shut out by two hits for seven innings, batted around for five runs off Freddie Hutchinson in the top half of the eighth to take a 5-2 lead, but Southpaw Clarence Ifft couldn't hold it.

Witte Gets Big One
Three passes, singles by Jimmy Outlaw and Hutchinson and Dick Wakefield's two-run homer gave the Tigers four runs in their half of the eighth and enabled Hutchinson to claim his second victory of the season with a five-hit effort.

Jerry Witte's three-run homer was the big blow of the game for the Browns.

Hal Newhouser was slated to hurl Saturday's single game against Bob Feller in the first 1947 meeting of last year's 26-game winners.

CHISOX LEAD HOLDS UP
Chicago, April 25 (AP)—The Chicago White Sox scored a run in each of their first three innings against Cleveland and then made them stand up for a 3-2 victory here today. This exciting assured the White Sox an even break in the two-game series along with supplying Rookie Bob Gillespie with his first victory of the young season.

Gillespie started and pitched seven innings on a yield of seven hits. He was replaced by Joe Haynes, who gave up Eddie Robinson's pinch double to open the Cleveland ninth.

A simple substitute for plum pudding is steamed fruit cake served with a hot lemon sauce. Cut in thick slices, place in a covered pie plate and heat in oven. A brandy sauce may be served instead of the lemon sauce.

The noise of thunder is caused when air heated by a lightning flash begins to cool and contract and other air rushes in to fill the space.

Phalanx Will Win Kentucky Derby: Arcaro

New York, April 25 (AP)—Eddie Arcaro says he thinks he has an excellent chance to become the first jockey to ride four Kentucky Derby winners and when he says it, he's not bragging about the rider but the horse.

"Phalanx is a natural derby horse," Eddie pointed out. "He likes to loaf just a bit, but when you hustle him, he will give you all he's got, just like he did in the Wood Memorial."

"It looks like we'll have Calumet's Faultless to whip. Faultless will have a first-class rider in Doug Dodson. Yet, I think it'll be me or Dodson."

Arcaro is one of only three jockeys who have won the derby three times since the run for the roses was inaugurated back in 1875. The others were Isaac Murphy, the negro star of the 80's, and the great Earl Sande. Eddie won on Larwin in 1938, Whirlaway in 1941 and Hoop, Jr., in 1945.

THOMPSON SETS PACE AT DRAKE

Spartans, Defending Champions, Win College Medley

Des Moines, April 25 (AP)—Jerry Thompson, University of Texas junior, back from a four-year hitch in Uncle Sam's navy, today resumed his role as one of the nation's outstanding distance runners.

Thompson, a 22-year-old 120-pound lad from Dallas, literally ran 19 rivals out of gas in galloping to a one-sided victory in the two-mile run opening the 38th Drake relays. Thompson reclaimed the two-mile title he last won here in 1943.

The lithe, black-haired Thompson left no doubt as to his superiority after the bark of the starting gun. He jumped into the lead and steadily increased his advantage over Walter Karkow, Illinois, who finished second 80 yards back.

2,000 Athletes Competing
Considering that Thompson was making his first start in two-mile competition this season, his time of 9:30.6 was favorable. It was the best time at Drake for the distance since Thompson won four years ago in 9:31.4.

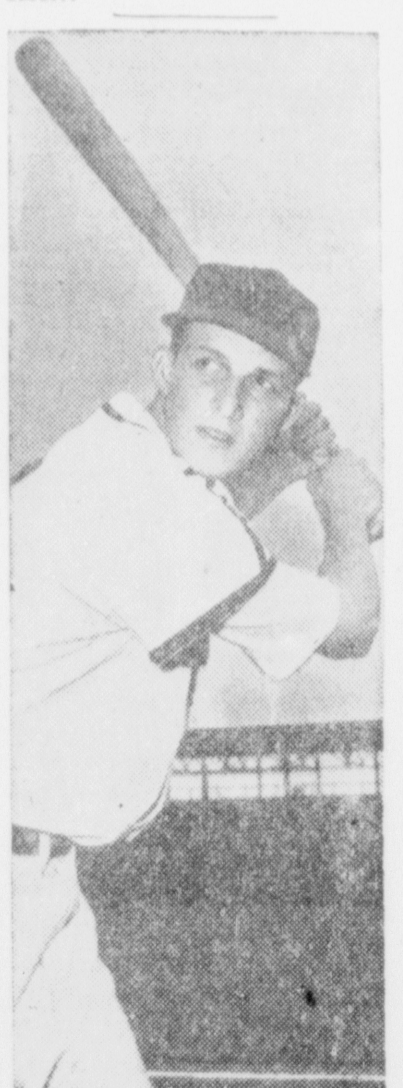

The relays drew a record breaking entry of 2,000 athletes from 81 universities and colleges spread through 18 states, plus 60 Iowa high school teams.

Before the day's assault on records was finished, one college and five high school marks were smashed. The Baldwin-Wallace college team of Berea, Ohio, shattered the Drake record in the college half mile relay, reeling off the distance in 1:27.5 to blot out the former record of 1:27.5 set by East Texas Teachers in 1940 and tied by them in 1941.

Michigan State Wins
Baldwin-Wallace's record was achieved through the brilliant running of Harrison Dillard, holder of six American hurdle titles, who ran an anchor 220.

The brilliant anchor running of Jack Dianetti, freshman from East Rochester, N. Y., enabled Michigan State, defending champion, to win the university sprint medley.

University Sprint Medley
(Final)—440-220-220-880—won by Michigan State (James Fraser, Harold Mayhew, Bob Schepers, Jack Dianetti); second, Ohio State; third, Oklahoma A. & M.; fourth, Notre Dame; fifth, Indiana. Time 3:25.7.

STAN MUSIAL, holds bat perfectly still, eyes cocked over his shoulder like a guy looking for a trap

Red Heads Play Escanaba Vets Tonight

ESKIMO SPEED MERCHANT—Jack Peterson, Escanaba high school's formidable dash man who starred last season in the Upper Peninsula relays here and the U. P. championship event in Houghton, will lead the Eskimos in quest of new honors this season. Peterson is shown here preparing to get the kinks out in a trial dash at the high school athletic field. The smooth speedster, who runs with a floating style, beat Ironwood's Olson with a 100-yard dash in 10.4 seconds in the relays here in 1946, the same time Olson turned in previously in beating Peterson by a scant foot in the U. P. regional. It was sweet revenge for Jack. The Eskimos open in the Manistiquie invitational May 10—then, the district in Menominee May 17 and they return home to compete in the U. P. championship here May 24 and their own relays on Memorial day.

The Sports Parade

BY JIM WARD

OFF THE CUFF: The Eleventh district American Legion junior baseball tournament will be held in Escanaba July 10, 11 and 12 at the same time the Twelfth district meet is being held in Iron Mountain. The winners will meet in Iron Mountain July 19 for the Fifth zone championship, the victor to go to the state tournament in Kalamazoo the week of July 25. . . . Walter Corey, Munising, is in charge of the Legion's junior baseball program in this district.

The Menominee Indian baseball club will hold its first practice this afternoon. . . . Frank "Boots" LeBouton is president of the Menominee ball club. . . . Wakefield's U. P. Class C championship tennis team is preparing to defend its title in the U. P. high school meet in Iron Mountain May 29. . . . It also will be invited to compete in the Hiawathaland Open Tennis tournament here July 3, 4 and 5. . . . F. W. Duffin coaches the Wakefield team.

Carl "Jug" Girard, Marinette's ace basketballer, is a ping pong artist, too. . . . He went to the finals of the Marinette city tournament this week before bowing to Dick Baker in a best three-of-five series that went four games. . . . Maybe we could match Baker and Girard against Art Peterson and Bob Dufour. Escanaba open champion and runnerup, respectively.

After all the hullabaloo staged by the Seattle, Wash., girls to try to get the Women's International Bowling Congress event in 1949, they awarded it to Columbus, Ohio. . . . It's in Grand Rapids this year. . . . Seventy-one teams will participate in organized baseball in the Upper Peninsula this summer. . . . All of which promises much for Ken Gundersman's project of bringing professional ball to the U. P. in 1948.

There are 18 in the west IBL, 10 in the Northern W-M loop, 10 in the Northern Michigan (Soo) league, 12 in the Rainbow Baseball league, 12 in the Interstate (central U. P.) circuit and nine in the Cleveland league, a total of 71 teams.

Ward Cuff's sensational placekicking in field goals and points after touchdowns is so great that it shadows the fact he's a right smart ball carrier as well. . . . The new Green Bay Packer back, who recently signed after nine years with the New York Giants and one with the Chicago Cardinals, has a life-time pro running average of 5.3 yards per try and in 1943 he led the league by gaining 523 yards in 80 attempts for a 6.5 average.

He should add plenty of spice to the Green Bay offense next fall. . . . He has 36 field goals to his credit in professional ball, and in 1938 and 1939 he led the national league in field goals. . . . In 10 years, he gained 1,844 yards in 343 attempts. . . . It'll be good to see Cuff with the Packers this season.

You can put it in your hat that when Joe Louis fights again, it will be for Mike Jacobs in New York and not Bobby Soxer Frank Sinatra in California. . . . Imagine tainting a solid stack of muscle like the world's heavyweight champion by any connection with will of the wisp Sinatra. . . . The guy's gotta fair night-club punch at that, but he shouldn't let his successful knockdown of a news-paper columnist give him delusions of grandeur—like tying up with Joe Louis, even as a promoter.

NYU, Illinois Win Penn Relay Events
Philadelphia, April 25 (AP)—A great half-mile anchor leg by Reggie Pearlman gave New York university the spring medley championship and prevented Illinois from making a clean sweep of the three team events on the first day's program at the Penn relays today.

Pearman, trailing by ten yards at the start of the final leg, made up the distance and breezed past Bob Rehberg of Illinois just short of the tape to spring the biggest surprise of the day before some 5,000 fans at Franklin field.

Junior Baseball Rosters Will Be Turned In Today
Sponsors or team captains are asked to turn in team rosters at a meeting of the Escanaba junior baseball league in the recreation center here at 10 this morning. After the business session, practice in base sliding will be held.

Drawings will be held May 15, Jerome Deloria, in charge, announces. More youngsters than ever before will participate in the junior diamond program, he added.

Joe may be a slow thinker. . . . You don't get sharp in an Alabama cotton field, but if you stay on top in the professional fight game like he has, you sharpen up plenty. . . . So he may appear slow on the uptake, but he's smart enough to want to fight for Uncle Mike in New York, where he could outdraw a California bout by five or six to one.

MENU SPICED WITH COMEDY

Hazel To Compete In Free Throw Contest Between Halves

A bangup basketball game between the All-American Red Heads and the Escanaba VFW quintet replete with plenty of laughs and comedy—a fast preliminary game and a half-time exhibition consisting of a free throw contest featuring the Red Head champion are on tap at the Escanaba junior high school gym tonight.

The program opens at 7:15 when Mike's Bar squares off against the Manistiquie Hubs, and the "piece de resistance" of the evening, the Vets vs. the world's champion women's basketball team managed by Ole Olson of Terrible Swede fame, will get underway at 8:15.

Hazel Walker, reputed to be the highest paid woman athlete in the United States, will engage in a free throwing contest with three Escanaba stalwarts between halves. Said stalwarts will be Bob Dufour, Jim Kessler and Bob Ranquet.

Miss Walker has the record of having defeated 95 per cent of the male cagers who have dared to step up to the same free-throw line with her. She is an AAU champion of many years and is said to display uncanny ability in the art of converting charity tosses into points.

The lassie also, of course, will participate in the regular game and the comedy relief, but most of the latter is expected to be supplied by six-foot-four-inch Gene Love and five-foot-two-inch Stubby Winter. Others in the lineup are Alice Hatcher, who travels under the moniker of "Peaches"; Ruth Haines, Toby McGee and Captain Danny Daniels.

Escanaba fans are eager to see the Red Heads' "wheel ballhandling system", which may revolutionize the game in these parts, at least tonight.

Vets ready to do battle are Bob Schram, Jim Krysal, Roy Johnson, R. Gangstead, Kessler, Fisher, Heidenreich and Dufour. Keith Morin is the Vet coach, and Dick Schram and Duke Ranquette will handle the whistle work.

CHANDLER GETS 'TOUGH' AGAIN

Orders Yankee Trio In To Discuss A Few Incidents

New York, April 25 (AP)—Baseball Commissioner A. B. Chandler got tough again today and ordered Larry MacPhail and the other two New York Yankees owners, Del Webb and Dan Topping, to appear at his Cincinnati office Tuesday.

There was no indication from the commissioner of the subjects to be discussed but it was known that he had been very much upset by MacPhail's violations of his "gag rule" in the Durocher case.

When Durocher was suspended for the 1947 season, Chandler ordered all concerned that the sub-ject was a "closed matter" and not to be discussed.

MacPhail called a press conference the next day in which he touched on the subject and gave out an interview to Harry Nash of the Newark Evening News April 13 in which he was quoted as saying "Commissioner Chandler didn't have sufficient grounds on which to have a five-minute suspension" on Durocher, the Brooklyn manager.

MacPhail's only comment to reports that he would be charged with "insubordination" were "very interesting if true." He was supposed to meet with New York City civic leaders Tuesday to discuss the problem of juvenile delinquency and may request a brief postponement.

There had been reports that MacPhail had attempted to influence other club owners to throw their weight in support of his appeal to President Will Harbridge for an appeal of Durocher's suspension. That will be one of the things Chandler will "look into."

Another matter that probably influenced the performance of Coach Charley Dressen, who daily participated in pre-game practice despite a 30-day suspension, Dressen hit to the infield and worked with the players up to the time the umpires appeared on the field in all games prior to Tuesday when he was ordered by the commissioner not to appear in uniform for the length of his "term."

Most diamonds mined are fit only for industrial uses.

Silver Gloves Must Enter By Next Wednesday

Youngsters planning to compete in the Silver Gloves boxing show to be held in conjunction with the Escanaba junior high gym May 5 must have their entries in by 5 p. m. next Wednesday, George Grenholm, city recreation director, said yesterday.

Silver Gloves must report at the junior high school at 5 p. m. Wednesday with trunks, tennis shoes and a towel for a physical examination. Twenty-one young scrappers have already entered. Approximately 50 are expected.

All bouts will be one round of three-minutes' duration, and each contestant, regardless of how he makes out, will be given a Silver Glove award.

Practice will be held from 9 to 10 this morning. Youngsters already signed up are Charles Olson, Duane Brown, Richard Vande Wille, Richard Moreau, Charles Bennett, Douglas Bennett, Lloyd Frazeau, Pat Pierce, Richie Pierce, Francis Champeau, Kenneth Swanson, John and Bob Rademacher, Earl Guindor, Robert Durbord, Paul Provo, Wayne LaFave, Gerald McMartin and Roger Schei.

BASEBALL

YESTERDAY'S RESULTS
American League
Detroit 6, St. Louis 5.
Chicago 3, Cleveland 2.
Philadelphia 11, Boston 7.
Washington at New York, rain.

National League
New York at Brooklyn, rain.
Boston at Philadelphia, rain.
Chicago at Pittsburgh, rain.
Cincinnati at St. Louis, rain.

American Association
Milwaukee 10, Minneapolis 3.
St. Paul 4, Kansas City 3.
Columbus at Indianapolis postponed, rain and cold.

International League
Syracuse 10, Rochester 3.

GAMES TODAY

American League
Chicago at St. Louis—Lee (0-0) vs. Potter (0-1).

Detroit at Cleveland—Newhouser (1-1) vs. Feller (1-1).
Washington at New York—Hudson (1-0 or Newsom (0-1) vs. Chandler (1-1).

Philadelphia at Boston—Fowler (0-1) vs. Fine (0-0).
National League
New York at Brooklyn—Voiselle (1-1) vs. Higbe (1-0).
Boston at Philadelphia—Cooper (0-1) vs. Koehler (0-1).

Pittsburgh at Cincinnati—Heintzelman (0-0) vs. Blackwell (2-0).
St. Louis at Chicago—Brecheen (1-0) vs. Chipman (1-0).

Spartans, Irish Meet
East Lansing, April 25 (AP)—Fireballer Robin Roberts of Michigan State college will oppose southpaw Jack Campbell of Notre Dame as the Spartans and Irish open a home and home series here Saturday. The M.S.C. nine will be seeking its 10th victory of the season against two defeats. The Spartans also will be out to avenge a 5-4, 10-inning setback at the hands of Notre Dame last season.

Split Verdict Won By Tony Pellone
Detroit, April 25 (AP)—Tony Pellone, little New York Italian, came strong in the last three rounds tonight to earn a 10-round split decision over Chuck Taylor, Coalport, Pa., welterweight, in the main event of an Olympia stadium fight show.

Taylor, a 2 to 1 underdog in the betting appeared to tire toward the finish as Pellone took all of the last three rounds with steady hard punching.

Pellone scored the only knockdown of the fight sending Taylor to both knees with a left hook in the 10th round for no count. Pellone slipped in the fifth to land on the seat of his trunks but it was not scored as a knockdown. Pellone's second straight Detroit victory evened things for a loss to Taylor last July in New York but it was a hard-earned decision with mixed cheers and boos at the finish.

CHICAGO PRICES
CHICAGO POTATOES
Chicago, April 25 (AP)—(USDA)—Potatoes, arrivals 25, on track 163, total U. S. shipments 1947, supplied demand good for best; market firm with slightly stronger tendency for red stocks; for new stocks supplies rather liberal; demand rather light; market about steady with slightly weaker tendency. Idaho Russett Burbanks, \$4.15; Colorado Red McClure, \$4.25 unwashed; Minnesota-North Dakota Red River Valley bliss triumphs, \$3.75; Wisconsin red and white varieties, \$3.20 unwashed. New stocks: Texas 50-lb. sacks bliss triumphs, \$2.85 washed; California 100-lb. sacks long whites, \$4.35 to \$4.40 (All U. S. No. 1).

CHICAGO LIVESTOCK
Chicago, April 25 (AP)—Hog prices slipped back 50 to 75 cents of the gain made Thursday but still managed to close a quarter above the week's low point. Cattle and sheep were steady on sharply curtailed totals.

Good and choice barrows and gilts brought \$18.75 to \$23.25 mostly, with the top at \$23.50. Sows and \$17.25 to \$17.75. Shippers took 500 of the 5,500 on sale and packers received 3,500 direct.

Choice cattle were absent, good grade long yearlings taking the market top at \$24.50. Featured were six loads of strictly good and choice South Dakota bred feeder steers at \$20.25 to \$21.50. Top price for heifers was \$22.25. Medium to low-grade steers took \$19.50 to \$23.50. Cows, bulls, and weaners held steady.

Outstanding Fighters Of Peninsula To Meet In Tourney Here May 5

The annual spring paired match boxing show, twice delayed because of the telephone strike and difficulty in arranging details for the event, will be presented Monday, May 5, at the junior high school gymnasium.

The show is being presented by the Escanaba Lions club with net proceeds to be divided equally between the city recreation department and the Lions club boxing fund.

In addition to a busy program of approximately 10 bouts featuring AAU boxers from Escanaba, Manistique, Marquette and possibly Munising and Marinette, the show will include the annual presentation of the Escanaba recreation department's Silver Gloves, featuring a number of bouts between junior boxers ages 10 to 16.

Top-Ranking Amateurs
The pairings for the AAU boxers will not be completed for several days and some of the pairings may be delayed until after the weigh-in Monday, May 5, but the list of entries includes many of the peninsula's top ranking amateur battlers.

From Escanaba there will be John Strophich, middleweight; Ray Sabuco, Leonard Cartwright, light heavy; Jim Piche, Chuck Larson and probably Joe Lequia, welterweights; John Barr, Jr., middleweight; Elijah Petonquot, light heavy; Porky Lindstrom, featherweight, and possible several others.

Northwestern Nine Beats Ohio State
Evanston, Ill., April 25 (AP)—Northwestern won its second straight Big Nine baseball victory today as Pitcher Dick Bokelman spaced five hits in beating Ohio State 5 to 2.

The two-game series will conclude tomorrow.
Ohio State.....000 020 23—2 5 4
Northwestern 100 000 31x—5 8 1
Perini, Brown (7) and N. Ran; Bokelman and Moore.

ILLINOIS TOPS MICHIGAN
Ann Arbor, Mich., April 25 (AP)—Illinois' baseball team settled down soon enough today to take a 7-3 Western conference victory from Michigan.

It was Illinois' fourth conference victory in five starts.
Illinois.....000 020 23—7 8 6
Michigan.....200 100 000—3 3 3
Rotblatt and Eilbracht; Rankin and Kulpinski.

IOWA BEATS WISCONSIN
Iowa City, Ia., April 25 (AP)—The University of Iowa gained its first inning run, bunched three runs in the seventh and then beat back a determined Wisconsin rally in the ninth today to take their third Big Nine conference baseball victory of the season, 4-2.

Wisconsin.....000 000 002—2 5 1
Iowa.....100 000 30x—4 7 3
Thompson and Wilson; Faber and Ebner.

1,245 In Doubles Scored In WIBC
Grand Rapids, Mich., April 25 (AP)—A Fort Wayne, Ind., pair rolled into first place in the doubles event of the Women's International Bowling Congress today with a class 1,245 total.

The score, just six pins short of the WIBC record, was posted by Emma Beard and Candace Miller as they displaced Rowena Nichols and Claire Knabenshush of San Francisco, former leaders. The latter had rolled 1,242.

Counting respectively 648 and 597, the Misses Beard and Miller teamed well to pick up splits when most needed. Their score compared with the WIBC record of 1,251 set last year by Virginia Fazio and Prudence Dusper of Niagara Falls, N. Y.

SUCCESS PUZZLES MILLER
St. Louis, April 25 (AP)—Eddie Miller, who was ready to quit baseball and wasn't once counted on as the Cincinnati Reds' shortstop during spring training, is just as puzzled by his current home run spree as the National league pitchers whose offerings he has been mauling.

Hermansville Nine Practices Sunday
Hermansville, April 25—Manager Harold Stecker of the Hermansville city baseball team announced today that the first practice session will be held at the high school athletic field at 2 Sunday afternoon. Stecker expects a large number of candidates.

Spartans, Irish Meet
East Lansing, April 25 (AP)—Fireballer Robin Roberts of Michigan State college will oppose southpaw Jack Campbell of Notre Dame as the Spartans and Irish open a home and home series here Saturday. The M.S.C. nine will be seeking its 10th victory of the season against two defeats. The Spartans also will be out to avenge a 5-4, 10-inning setback at the hands of Notre Dame last season.

C&NW PLANTS 18,000 TREES

Experimental Forest To
Be Located At
Spooner

To demonstrate the possibilities of utilizing marginal or non-agricultural land in profitable reforestation projects, the Chicago and North Western Railway is planting more than 18,000 trees at Spooner, Wisconsin, on non-agricultural land similar to that of many farms in northern Wisconsin, Michigan, and Minnesota.

The open area being planted is part of a 200-acre wooded tract partly within the city limits of Spooner and adjoining the agricultural experiment station of the University of Wisconsin. The University, the State Highway Department, and others are cooperating with the North Western in the project.

Planting of the trees with the use of a special tree planting machine will begin on April 23 and culminate in a Forest Field Day program sponsored by the University of Wisconsin on April 30 for farmers, lumbermen and others interested in reforestation. Representatives of pulp and lumber companies and land planning organizations will also attend. Those participating in the program on April 30 include:

Brigadier General Roy Ferrand, commander of St. John's Military Academy and president of the Wisconsin Roadside Development council; James Law, chairman of the Wisconsin Highway commission; E. J. Vandervall, director of the Wisconsin Conservation department; Ardie Mucks, assistant director of the Wisconsin experimental station; F. G. Fitz-Patrick, vice president in charge of traffic of the North Western Railway system; Howard J. Gramlich, general agricultural agent, and W. A. Klueder, forestry agent of the North Western.

Farmers will see demonstrations of a mechanical tree planter which plants 10 to 15 thousand trees per day, hand planting, transplanting of tree stock for home use, and highway roadside development work.

Rapid River H. S. Will Present Its Class Play May 6

Rapid River, Mich.—The senior class of Rapid River high school under the direction of Mrs. Mildred E. Ranguette will present on Tuesday, May 6, "Aunt Cathie's Cat" a mystery comedy in three acts. The cast is as follows:

Bill Pryor—Harvey Deneau
Miss Jane Trimble—Frances Thoreson

Miss Cathie Trimble—Mildred Karasti

Margaret "Peggy" Trimble—Carol Larson

Dorothy Trimble—Leola Lancour

Maria Garcia—Vonna Whitmore
Jose Garcia—Buddy Roberts

An Officer—Dick Carlson
Mr. David Brent—Harry Johnson

Elizabeth "Liz" Pryor—Audrey Rose

Tilly Pitts—Gweny Gilland
Mrs. Walker—Eleanor Burch

Gas Man—Orville Pedersen
Dead Man—Tommy Derwin.

Summer School Of Art Planned

Iron River—Walter Quirt, native of Iron River who is assistant professor in the department of literature and fine arts at Michigan State college, will present an illustrated lecture May 17 at the St. Paul, Minn. Gallery and School of Art.

His talk will be in connection with this one-man show of paintings opening at the Twin City gallery on May 11. The exhibit will comprise 15 paintings all of which have been completed in the past year at Quirt's studio in East Lansing.

A partial preview of the show was afforded state capital gallery visitors when seven paintings were displayed in a dual exhibition held month. Included in the earlier presentation were 20 serigraphs by James McConnell, instructor on the art staff.

Hot Exhaust Pipe Dangers Lessened

Atlantic City, N. J.—Danger of fire from hot exhaust pipes, on aircraft for instance, is lessened by a new coating, Prof. Dwight G. Bennett of the University of Illinois told the American Ceramics Society here this afternoon. It is the result of war time research to kill the visible red and invisible infra-red glow of bomber exhausts that would allow the enemy to detect the plane.

The coating contains uverite, a commercial product compounded from oxides of calcium, titanium, and antimony. A top coat of this over a base ceramic coat provides heat insulation, radiation reflection and radiation suppression. It protects the metal from the hot gases, and allows it to operate at a lower temperature. The coating kills 90 per cent of the visible glow and the infra-red radiation.

TIPS TRACE THEFT
Philadelphia, April 25. (AP)—Traced by \$50 tips, 35-year-old Charles Emery was arrested today charged with stealing \$6,700 from a West Philadelphia movie house where he was assistant manager. Detective Jerry Foley said the dapper prisoner had only \$500 left when arrested.

WILLA CATHER

New York (AP)—Willa Cather, 70, one of the nation's foremost novelists, died Thursday.

Cause of death was reported as cerebral hemorrhage.

She had resided here many years.

Miss Cather, born near Winchester, Va., but reared on a Nebraska ranch, had been a school teacher, newspaper writer, magazine editor and poet, as well as an outstanding novelist.

She wrote her first novel "Alexander's Bridge," in 1912. In 1922 she received the Pulitzer prize for what was named the outstanding novel of the year, "One of Ours."

A great part of her work dealt with the people and scenes of her early years on the ranch near Red Cloud, Neb., where her family had moved when she was eight years old.

Most of her early schooling was at home, where two of her grandmothers tutored her, because there were no nearby schools. However, when she reached high school age her family moved to town and she went to school there.

Miss Cather worked her way through the University of Nebraska doing newspaper correspondence and this experience stood her in good stead upon her graduation in 1895—she had decided upon a writing career.

Blast Kills Wife Of Dentist; \$25,000 Residence Wrecked

Clinton, Ia., April 25. (AP)—The 53-year-old wife of a socially prominent dentist was found dead in the wreckage of her \$25,000 home after an explosion of undetermined origin today.

Dr. Donald E. Hill, Clinton county coroner, said Mrs. Hulda Grant, wife of Dr. Clifford D. Grant, had been dead two hours when the blast demolished the two and a half story home, located in one of the city's exclusive residential districts.

Dr. Hill said no one else was in the house when the blast blew out whole sections of outer walls, smashed inner walls, and pitched furniture about like matchsticks.

Fire Chief Harold Nelson investigated the explosion but did not immediately determine its cause.

Force of the explosion was felt blocks away and pieces of siding and bits of glass were scattered over a wide area.

Policemen at the scene said a small fire was extinguished by a yard man working nearby. No other evidence of flames was apparent.

Dr. Grant, neighbors said, was at his office. He collapsed when he arrived home and saw his wife's body.

Russian Opposition Blocks Plans For Globe Police Force

New York, April 25 (AP)—The United Nations military staff committee planning a global police force today abandoned hopes of reaching unanimous agreement on several basic principles in the face of continued Russian opposition.

Russia was represented as standing alone on the top issues with the United States, Britain, France and China, the other members, generally being together.

Holding their second consecutive all-day meeting in a drive to get recommendations to the parent security council by April 30, the committee cleared away several minor objections and then began discussion of the full report.

The final report was expected to be only preliminary and merely lay down basic principles.

The council was expected to hold open debate on the long-awaited report but was empowered to close its meetings by a majority vote of the 11 members.

In view of the insistence by the United States on public airing of private sessions were considered unlikely.

State Police And Governor Sigler Trade Compliments

Lansing, April 25 (AP)—The Michigan State police are "on the high road" to regaining public respect and their position among the finest police forces in the nation, Governor Sigler said today.

Addressing officers promoted in this week's shake-up of the department, Sigler said he was confident the force was on the way to being again a "hard-hitting, clean honest outfit."

Commissioner Donald S. Leonard, replying for the officers, declared that the boys are not going to let the people of our great governor down.

PAY INCREASE CUT IN HALF, TURNED DOWN

(Continued from Page One)

These include demands for a union shop (in which all workers must join the union), check-off of union dues by payroll deductions, reductions in the differences in pay for the same job in different cities, cutting the length of times it takes to reach top pay levels, improved vacations and better pensions.

While the National Federation granted local unions power to settle the wage at \$6, it held on to its insistence that the final contract in all phases must be approved by it.

Beirne said the Maryland settlement will have no effect on the federation negotiations because that union is in a "sort of twilight zone" as it is retiring from the federation as of April 30.

President Truman discussed the strike at a half-hour cabinet session. Secretary of the Interior Krug later told reporters that the negotiators are "starting all over again," but this was the only word from the White House.

New Legislation Shifts Control Of State Fairgrounds

Lansing, April 2. (AP)—The House today was presented the Porter Bill, unanimously passed by the Senate, which would take away from the State Department of Agriculture control of the Detroit state fairgrounds.

In control of the fair and fairgrounds the bill would place a 15-member board, six representing county fair officials and six representing industry, including farm machinery and farm produce processors.

Other members would be the state agriculture director, Michigan State College agriculture dean and state 4-H club leader.

The bill would give the Board power to lease any portion of the fairgrounds, authority to rent the fairgrounds race track and take over from the agriculture department the matching of county fair premiums.

The Senate also passed the second appropriation measure of the current session, a \$19,437,000 mental health bill, which went to the House.

Also Senate-passed was a provision for a combination license for trout and other types of fish, raising the fee to \$2 for a resident fisherman and \$3.50 for a non-resident angler.

Earmarked for propagation and planting of trout would be \$1.50 of the resident fee and \$2.50 of the non-resident fee.

Kentucky Boy Held For Fatal Beating Of His Landlady, 76

Louisville, Ky., April 25 (AP)—A 17-year-old boy was charged with murder today in connection with the fatal beating last night of Mrs. Virginia Marcum, 76-year-old rooming house operator.

Detective Sgt. Henry Riebel, chief of the city's homicide squad, said the murder charge was placed against Billy Alan Wright, who roomed with his father at the Marcum home.

Sgt. Riebel said Wright admitted beating Mrs. Marcum with a window weight in an attempt to rob her.

Wallace Is Barred From Giving Speech In Hollywood Bowl

Hollywood, April 25 (AP)—Sponsors of an address by former Vice-President Henry A. Wallace, denied use of the Hollywood bowl, said today they regarded the rejection as "informal" and would pursue their request.

In any event, the Wallace meeting, scheduled next month, will be held "even if we have to have it in a telephone booth," declared Robert W. Kenny, former state attorney general and now Southern California chairman of the Progressive Citizens of America, which is sponsoring the ex-vice-president's appearance.

Hollywood Bowl officials said they had no objection to Wallace's appearance, but they would not allow him to speak from the stage.

The report said the members had not collected their salaries in more than a year and admitted the authority's activities were "nearly nil."

Requested by the House resolution, the report also disclosed that the authority which contracted for surveys of the project has spent a total of \$259,763.36 since its inception March 31, 1934.

A bill calling for the abolition of the authority is in the House State Affairs Committee, and Chairman Bert J. Storey, Belding republican, said today the measure would probably be reported out "within a week."

Mass Vaccinations Of 4,500,000 Curb New York Smallpox

Albany, N. Y., April 25 (AP)—New York's smallpox outbreak, now apparently curbed, resulted in the world's greatest mass vaccinations within a given time, a state health department official said today.

Dr. Hollis S. Ingraham, director of the division of communicable diseases, pointed out that an estimated 4,500,000 persons in New York City were vaccinated within a three-week period this month.

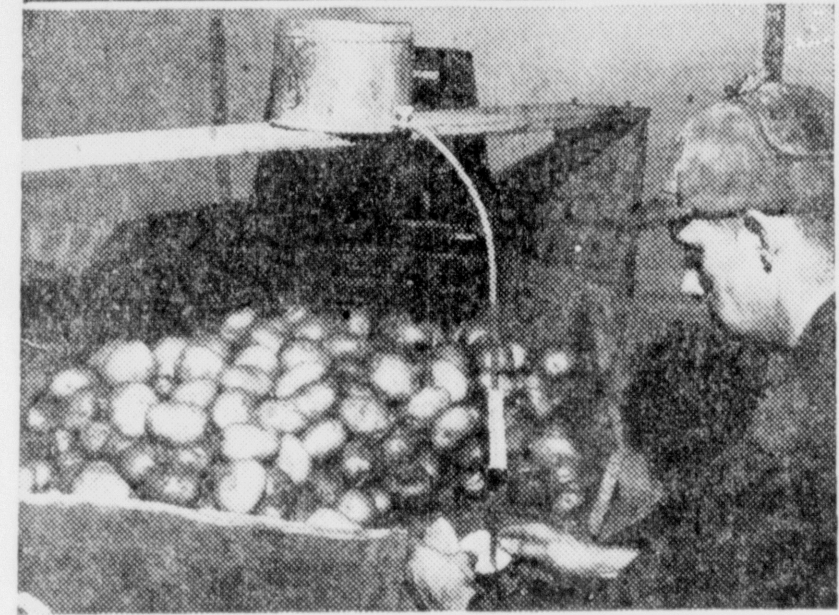

Belloise Of Bronx Wins 25th Victory

New York, April 25 (AP)—Steve Belloise of the Bronx, prewar middleweight contender, stopped Johnny Walker of Philadelphia tonight in the second round of their scheduled ten-round go at the St. Nicholas arena. Belloise weighed 160½, Walker 158½.

Referee Ruby Goldstein halted the contest at 2:41 with Walker draped over the ropes.

It was Belloise's 25th victory in 26 starts since his discharge from the service.

Use Homemade Device To Control Potato Ring Rot

A simple and inexpensive method to control ring-rot disease in potatoes has been worked out by L. Carl Knorr, extension specialist in plant pathology at Michigan State college.

By using an old can or crock, to which a petcock is attached near

Use Iodized Salt As Goiter Preventative

The twenty-third anniversary of Michigan's fight to eliminate simple goiter in the state's children occurs May 1. Through co-operation of the State Medical Society, the Michigan Department of Health and salt manufacturers in the state iodized salt was first introduced in Michigan grocery stores, May 1, 1924.

In 1924 a study, made in four counties of the state, showed that 47 per cent of the children had simple goiter. After 11 years use of iodized salt, only one fifth as many had simple goiter.

The Michigan Department of Health at the present time is emphasizing the need for using iodized salt. Not all salt sold in the state for food and cooking purposes is iodized. The responsibility for assuring children of a sufficient quantity of iodine to prevent their developing goiter lies with parents who must ask for and use iodized salt.

Iodine was added to salt in Michigan after years of research on goiter. Goiter is an enlargement of the thyroid gland which lies at the front of the base of the neck. The enlargement is chiefly due to the lack of natural iodine in food and drinking water, according to Dr. William DeKleine, Commissioner of the Michigan Department of Health. It does not commonly occur in areas where there is sufficient iodine in the soil or in areas where unrefined salt is eaten.

Michigan is a "goiter" area because there is not sufficient iodine in the soil to provide a protective amount in foods grown here. To keep the thyroids normal, the small amount of iodine needed is added to salt.

Interest Revived In Mackinac Bridge, Authority Claims

Lansing, April 25 (AP)—The Mackinac Bridge Authority, in a formal report to the House of Representatives today, recommended it be continued in existence "because of a revived interest in the bridge project."

The authority also suggested the elimination of the \$1,000 annual salary to the three members "might be in order."

The report said the members had not collected their salaries in more than a year and admitted the authority's activities were "nearly nil."

Requested by the House resolution, the report also disclosed that the authority which contracted for surveys of the project has spent a total of \$259,763.36 since its inception March 31, 1934.

A bill calling for the abolition of the authority is in the House State Affairs Committee, and Chairman Bert J. Storey, Belding republican, said today the measure would probably be reported out "within a week."

Escanaba Choir Will Perform In Stephenson School

Stephenson, Mich.—The Escanaba Orpheus Choral club composed of over 50 persons, under the direction of Mr. R. Paul Bowers, will give a concert in the Stephenson high school gymnasium Sunday evening, April 27 at 8:00 o'clock.

The concert is sponsored by the Stephenson senior class and will be as follows:

Music When Soft Voices Die—Stoakes.

Walters of the Stars—Cain.

Emite Spiritum Tuum (Send Out Thy Light)—Aschenbrenner.

Alleluia—Thompson.

Holy City—Adams.

Ave Maria—Schubert.

Indian Love Call—Friml.

Hills of Home—Fox.

Believe Me If All Those Endearing Young Charms—Arranged by Ringwald.

All Through the Night—Arr. by Ringwald.

Song of the Volga Boatman (Russian Folk Song)—Arranged by Ringwald.

The Drum—Gibson.

Without a Song—Youmans.

Trees—Rasbach.

Great Day—Youmans.

Song of Love—Donnelly-Romberg.

The cutting table shown in the picture is the type recommended by E. J. Wheeler, Michigan State college potato research specialist.

Since the knife is stationary and double-bladed the operator can use both hands and cut from either side.

By using the stationary knife and cutting table a worker can cut in two hours the ordinary number of potatoes he would cut with a jackknife in an entire day.

The disinfectant is made with one ounce of corrosive sublimate in four gallons of water.

Hospital Receives Kellogg Fund Aid

Menominee—Receipt of a grant of \$15,000 from the W. K. Kellogg Foundation of Battle Creek, Mich., to St. Joseph's hospital of Menominee for the purchase of x-ray equipment for deep therapy, was announced today by Dr. H. T. Sethney, of the hospital staff. The Menominee and Marinette county medical societies assisted the hospital in the formulation of the cooperative project with the Kellogg Foundation.

The deep therapy x-ray equipment, only equipment of its kind available in the upper peninsula of Michigan, and adjacent Wisconsin will complete the equipment of a tumor clinic at St. Joseph's hospital meeting standards of the American College of Surgeons. Other components of the clinic are the hospital staff, the present x-ray facilities at the hospital, and its radiological and pathological personnel, both provided on a part time basis (shared with other hospitals) under a Kellogg Foundation agreement to pay deficits incurred in launching the services at low fees.

The deep therapy equipment has already been ordered by St. Joseph's hospital from the General Electric company. It will be installed and in operation this year.

Mr. and Mrs. Rudolph Larson of Hermansville have taken up residence at the Julius Courville home. Mrs. Larson is the former Helen Courville.

Mr. and Mrs. Inard Nelson spent last Saturday at Iron Mountain where they attended the golden wedding anniversary celebration of Mr. and Mrs. Willard French, parents of Mrs. Nelson.

Warren G. Olson Resigns Position

Sault Ste. Marie—Warren G. Olson, contact representative for the Veterans Administration in the Sault since last January, is to leave his post in the Sault this week for a year's leave of absence because of ill health.

Olson, a Navy veteran, is suffering from effects of shrapnel wounds in his stomach and intends to seek medical aid. He is to join his family in Philadelphia for a time.

His successor is not known, but Olson expects him to be in the Sault within a few days.

Radio In Review

By John Crosby

The Greeks Had a Word For It

The classics, particularly the Greek Classics, had best be approached with caution in our times. The Canadian Broadcasting Company presented a superb adult production of "Cedipus Rex," which indicated the job could be done tastefully on the air. The other day the Mutual Broadcasting System in cooperation with the Young Men's Christian Association set adrift on the helpless ether a half-hour version of Euripides' "The Trojan Woman" which may well set the classics back a thousand years. Maybe two thousand years.

Assembled for this earnest but lamentable task was an awe-inspiring collection of actors and actresses including Jane Cowl, Peggy Wood, Florence Reed, Paula Lawrence, Kenny Delmar, and Alexander Kirkland. In case you've been out of school for awhile, "The Trojan Woman" is about a number of grief-stricken ladies whose husbands and children have just been butchered by the Greeks and who are getting their last look at Troy before the Greeks burn it down. The women themselves are shortly to be sent to Greece either as slaves or to be the wives of men whom they regard, to put it mildly, with considerable distaste.

Jane Cowl, who belongs to the large gesture school of acting and, in fact, was its leader for many years, played the part of Hecuba. It's a role that calls for considerable lamentation and there are few actresses who can lament quite so heartily as Miss Cowl. As Hecuba, she disapproved strongly of the murder of her fifteen sons and expressed her feelings in great rolling sentences, many of which began "Ah, woe!"

"Oh! Beat, beat this crownless head."

"Rend my flesh till the tears run red!" That is a sample of the verse perpetrated by Miss Cowl in a throaty but well-bred roar. This archaic method of divulging one's emotions is, I suppose, unavoidable in the Greek classics, but it's unfortunate such lines had to be exposed to an actress of such uninhibited temperament.

When Miss Cowl wasn't revealing in her own misery, her bewildering host of female offspring were sharing their troubles with her in yards and yards of agonized iambs. One of these was Cassandra, who was driven out of her mind by grief, but not before she had expressed her loathing for the Greeks in a voice which sounded like that of a vice-president of the Women's National Re-

He made this statement during debate on the \$156,538,513 interior department appropriation bill for the fiscal year beginning July 1.

Jones, chairman of the appropriation subcommittee that wrote the bill, said budget bureau figures showed the administration has \$24,000,000,000 in funds previously appropriated for various departments and agencies. These funds have been "frozen," he said, but can be thawed out and spent.

With this argument that the administration has plenty of money, he hotly denied that a 47 per cent cut in his subcommittee made in the interior department bill would deal a damaging blow to the west by halting reclamation and power projects.

Administration Has Billions Ready To Beat Republicans

Washington, April 24. (AP)—A charge that the administration has a \$24,000,000,000 "kitty" to use against the Republicans in the 1948 campaign was made in the House today by Rep. Robert F. Jones (R-Ohio).

He made this statement during debate on the \$156,538,513 interior department appropriation bill for the fiscal year beginning July 1.

Jones, chairman of the appropriation subcommittee that wrote the bill, said budget bureau figures showed the administration has \$24,000,000,000 in funds previously appropriated for various departments and agencies. These funds have been "frozen," he said, but can be thawed out and spent.
